WITTNAUER

Product of Longines-Wittnauer
Watch Company

Looking for
Style and
Performance
in a fine
watch?
Say...
"I want a
Wittnauer."

... and here are three examples. For the vested interest, a thin pocket-watch with Roman dial.
A uniquely shaped lady's watch with distinctive bracelet.
A handsome tapered bracelet man's wrist watch, sure to draw admiring glances. All three have these common denominators: Swiss-crafted 17-jewel movements and more than 78 years of Wittnauer "know-how" in crafting timepieces of indelible quality.
Left: Gold-tone "Silhouette" pocket watch
Center: Bolero Gold-tone
Right: Gentry Silver or gold-tone case with matching integral bracelet
