

Merit Scores Decisive Victory!

Significant majority rates MERIT taste equal to - or better than - leading high tars.

There's a low tar cigarette that's challenging high tar smoking—and winning.

The cigarette: MERIT.

High Tars Finish Second

Latest research proves smokers prefer MERIT.

Blind Taste Tests: In tests where brand identity was concealed, a significant majority of smokers rated the taste of low tar MERIT equal to—or better than—leading high tar brands. Even cigarettes having twice the tar!

Smoker Preference: Among the 95% of smokers stating a

preference, the MERIT low tar/good taste combination was favored 3 to 1 over high tar leaders when tar levels were revealed!

Long-Term Satisfaction: In the latest survey of former high tar smokers who have switched to MERIT, 9 out of 10 reported they continue to enjoy smoking, are glad they switched, and report MERIT is the best-tasting low tar they've ever tried!

MERIT is the proven alternative to high tar smoking. And you can taste it.
