**YOU CAN USE A SNAPPER AS A "MULCHING" MOWER OR AS A SUPERIOR "BAGGING" MOWER.**

That's an important option to have when grass gets too tall or lush for mulching. When you add an inexpensive Mulcherizer to your SNAPPER you convert it to a "mulching" mower. It then chews up cuttings so fine they become lawn food and you don't have to rake or bag. But, unlike one-function mulching mowers, you can remove the Mulcherizer and use your SNAPPER as a superior bagging mower. Built in quality features on every SNAPPER mower includes full-length solid steel axles, large rear wheels and easy cutting height adjustment.

SNAPPER mowers are worth more because they do more and their price is competitive with other quality mowers.
