

Michael Riordan
of the American Backgammon Club

Darrell B. of Bloomfield writes:

and wait for his first six to escape. The pressure will rest on black to escape.

The best play for this position would be for black to hit white with a 12 point checker and split from the white 1 to the 3 point. The hit and split play is very effective in possible double priming positions.

Black leaves 4-4, 3-4 and 4-5 for return shots (five out of 36 chances), with 4-4 as the only disaster roll. 4-3 is also a good roll for white, since he may advance to the black 4 point. This risk is well worth taking.

Black accomplishes several things with this move. If white gets a lucky return shot, black could easily capture a forward anchor in white's home board since he has split his checkers. If white gets off the bar and does not hit, black will have several builders pointing on white.

With one checker back, in this position, after white safeties the outer board blot, the minute he rolls a 1, he will be able to move up to the 2 point

Yul Brynner will star as the King of Siam in the musical "The King and I," one of four shows on the premiere season of the Masonic Temple Theatre. "The King and I" is the season's second attraction, opening Oct. 29. For more information, call the Masonic Temple Box Office in Detroit at 832-2232.

The diagram shows a 12-hole Go board. The board is divided into four quadrants: HOME TABLE (top-left), BLACK (top-right), OUTER TABLE (bottom-left), and WHITE (bottom-right). The board is numbered 1 to 12. Black stones are placed on 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, and 12. White stones are placed on 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, and 12. A vertical line labeled 'BAR' separates the two sides.

On Sept. 13, the American Backgammon Club will host a benefit backgammon tournament for the will be teaching backgammon at schools throughout Oakland and Wayne counties.

Children's Leukemia Foundation of Michigan. First prize is \$1,000. Entry fee is \$20.

Beagle dogs to perform

A new cabaret room has been developed featuring the Beagles, at Chuck E. Cheese's Pizza Time Theatre in Westland. In late August, the Beagles will perform mechanically "live" every night at the theater. Direct from "Liverpoodle," the Beagles consists of four computer-controlled Beagle dogs that are synchronized and animated. Each Beagle sings and plays an instrument creating the sounds of pop songs. The recently expanded theater has added 150 more seats, 30 new games and kiddie rides. Chuck E. Cheese and his friends currently perform nightly.
