## Recycling Center operating

Southfield's Recycling Center is open to the public 24 hours a day, seven days a week. It's north of Civic Center Drive, east of Berg. The center takes glass and newspaper.

Newspapers must be bagged or tied securely.

The center cannot accept magazines, phone books or cardboard.

Bottles must be rinsed clean and metal caps and rings must be removed. At the center, green, brown and clear glass must be placed in separate bins.

Since it began in 1971, the center has been collecting, processing and shipping 40 tons of glass and paper refuse to industry each month. The center, operated by the city of Southfield, is self-sufficient.
