AND BE RICH WHEN YOU HANG UP YOUR SPIKES.

You don't have to be a sports superstar to retire rich. All you need is an IRA, Individual Retirement Account, from D&N.

You can deduct \$2,000 from your taxable income every year and put it away in a tax-sheltered IRA. Your money accumulates tax free until retirement.

If you start early enough, you could end up rich. If you start later, you'll still have a sizable bundle to supplement your Social Security.

Anybody who works can, and should, have an IRA. You're eligible even if you have a pension plan where you work. If you're a two-income family, you can deduct \$4,000 a year and build up twice as much. If not, you can contribute \$250 extra for a non-working spouse.

We can show you what an IRA can do for you. And help you choose the certificate that's best for you... fixed or floating rate, or a combination. Get in touch with a D&N expert today. So when you're ready to hang up your spikes, you'll be in great financial shape.
