

before
you say
"I do"

Consult with Hudson's Brides Registry. From the time you say "I will" to the day you vow "I do", we can help make your first home together a showcase of your tastes and ambitions. We'll help you choose your china, flatware, crystal, small appliances, and much more. Then we'll let your friends and relatives know what you want, by keeping a computerized list in all of our stores, completely without charge, updated to avoid duplications. And, even after the wedding, we'll maintain your registry on file for two years for future gift-giving occasions. So, in your scheme of things, do count us in.
