cent current jobs, 90 percent of new jobs represented by small business. Improve business regulations, encourage new investment. b) Big government: Growth rate higher than economy. Too many employed in government, wasteful, inefficient. Don't overregulate, protect, legislate. Review to insure that program meets goals.

Fine quality educational system.
3. Growth in treasury should occur as economic recovery begins. Government should live within means. Property tax not based on ability to pay. Reduce dependency on property tax. Single business tax must be modified, based on profit. Tax dollars should be spent efficiently.
