

BLANCHARD - GRIFFITHS

MARTHA GRIFFITHS JIM BLANCHARD

The job of our next Governor is jobs. That's why Michigan needs Jim Blanchard.

Jim Blanchard led the fight to save Chrysler that saved 100,000 Michigan jobs. He put together a team of Democrats and Republicans, labor and business, fighting side by side. Because he wouldn't give up, he won. And that means that we won.

Now, Jim Blanchard intends to create new jobs for the people of Michigan. He's already developing a broad range of programs to rebuild and revitalize Michigan's economy.

Jim Blanchard understands that it is time to build a new coalition of business, labor, and education that will help to diversify our economy and to create new jobs with new ways to retrain workers to do those new jobs.

To Jim Blanchard the answer to Michigan's problems isn't more government. It's more good government. He's worked in Congress to reorganize government and make it more efficient. He's fought to eliminate programs that just don't work. And

that's exactly what he's going to do as Governor of Michigan.

After 20 years of Republican control of the Governor's office, it's time for a change. Jim Blanchard is the leader who can make that a change for the better for the people of Michigan.

Jim Blanchard's running mate, Martha Griffiths, will help to make State government work better for us. As a lawyer, a judge, a Congresswoman, Martha Griffiths has a wealth of experience.

Martha Griffiths has always understood that government exists to serve the people, and she has always fought for the people that government is supposed to serve. That's why she introduced the Equal Rights Amendment in Congress. That's why she fought to eliminate waste and mismanagement in the federal government.

Michigan needs Jim Blanchard and Martha Griffiths. On November 2, vote to put Michigan back to work. Elect Jim Blanchard and Martha Griffiths.

Riegle for U.S. Senate

Senator Don Riegle gets things done. He stands up to anyone and any group to fight for people. He is a man who really cares. We need Don Riegle in times like these.

Don Riegle has led the fight to protect Social Security. He was a key leader in protecting Social Security from benefit cuts proposed by the Administration that would cost the average person who depends on Social Security \$1,100.

Don Riegle fights for Michigan's jobs in every possible way. He fought to save Chrysler's jobs. He fought to keep McLouth Steel alive and save those jobs.

He's leading the fight in Congress against unfair trade policies that produce a flood of foreign cars and other products. He believes that we must limit overall government spending in a fair and balanced way to reduce the federal deficit.

Don Riegle is a fighter. He fights

for Michigan every day. On November 2 we can help to keep Don Riegle working for Michigan and for us.

Allen Sipher for Congress

Allen Sipher is running for Congress because he thinks that the issues are important. With our economy the worst since the Great Depression, with our high unemployment and high bankruptcy rates, Al Sipher believes it imperative that the present Congressman not be allowed to win that seat again without having to take any positions or having to answer to anyone.

Most of the problems which plague Michigan are those that involve National issues and National solutions. William Broomfield has rubber-stamped every Reagan proposal offered. The results are all around us: high interest rates, unemployment, business failures.

As a small businessman, Al Sipher knows first-hand the effects of national economic policies on Michigan business. The growing number of unemployed workers and business failures are clear indications that the Reagan economic program is not working. Despite tax favors given to big business, it is small business

ALLEN SIPHER

which employs 50% of the work force and creates new jobs.

Al Sipher cares about the issues. He understands the problems. He provides an opportunity to vote on the issues. Al Sipher. Democrat for Congress. November 2.
