championships at the Pontiac Silverdome.

Ken, 19, played linebacker for the Raiders and studies premedicine at the University of Michigan. The last grader in line, Steve, is a sophomore, captain of the JV team and plays linebacker and guard.

Linda, 13, and a student at Warner Middle School is looking forward to being a cheerleader at North Farmington to her dad.

ALTHOUGH DEIGHTON was denied the opportunity to play football because his Canadian high school was too small, he strongly encourages young residents at Providence to get involved in high school athletics.

That insistence has its roots in a being," Holland said.

"He's a lovable, very basic, fundamental human being. His home is open to all the kids — he understands them and how important a game is to them."

"Dr. Deighton does everything that can medically be done to make sure each individual has the chance to play and get ready to perform."

"He's a very communicative. He can arouse a football team just by saying a few things. He's sort of a legend for those losing to Traverse City in the state

New diesel firm moves to the Hills

Continued from Page 1

White Motors sold its truck business to Volvo of Sweden in 1981 and began diversification of its manufacturing operations and assets.

Chrysler leased the facility from 1979-81 before Cummins, which manufactures heavy truck engines, purchased the property for \$4.5 million.

HOLSET PLANS to "dress (the facility) up and improve the building by adding on. They've already gone in and really manicured the place," Cairns said.

"I think it's going to be good for the city, and it will add jobs."

After reviewing sites in several states, Holset decided on this one because it liked the location and everything about the city, Cairns said.

The city clerk views the deal as another victory for the EDC.

Through the EDC, "about 3,000 jobs have been made available in the city in the last two years," according to Cairns.

Although it's tax-free money the EDC lends to new businesses, "it's paying off, increasing our tax base, and keeping our building department busy," he added.

Sales rep honored

Charles R. Warren of Farmington Hills has received the Super Agency Builder Award for outstanding sales and service to clients. He was honored during a three-day seminar at Metro-

poltan Insurance Co.'s midwestern head office in Dayton, Ohio.

Warren is a sales representative with Metropolitan's office at 2550 S. Telegraph.

Phone: 478-7860

Arthritis Can Be Helped
Perhaps you are among those people who believe that "arthritis is something you have to live with." This attitude is outdated today. Advances in the field of rheumatology and the development of new drugs have changed the outlook for the arthritic patient.
Rheumatology is the branch of medicine that deals with the diagnosis and medical treatment of bone, joint, and muscular pain. The experience of rheumatologists make it possible, if not to cure, at least to control the pain and disability caused by arthritis.
If you are suffering from pain in your joints or muscles, you need not accept the belief that nothing can be done about it. Talk to your personal physician or consult a rheumatologist.
