

## Mercy names 2 area men to college board

Two Bloomfield Hills men were among four area residents named to the Mercy College of Detroit board of trustees.

William A. Morrow, tax partner in Touche Ross & Company, and William J. Schlager, vice president of Michigan Bell Telephone Co., were named to the board.

Morrow has a bachelor of science degree in accounting from the University of Detroit and law degree and a master of law degree from Wayne State University.

At Touche Ross, Morrow manages tax service for major private and publicly owned company clients and is responsible for overall personal, estate and trust tax planning for individuals. He is a trustee and foundation commit-

tee member of the Detroit Rotary. Schlager began working as a management assistant for Michigan Bell in 1964 after earning a bachelor of science degree in electrical engineering from the University of Detroit. He also holds a master of business administration degree from Michigan State University.

Schlager has worked as a supervising engineer, a plant manager and a general manager before his present position as vice president of transition executive and support services.

He is a member of the Engineering Society of Detroit, the Minority Economic Development Committee of New Detroit Inc., and serves on the board of the Michigan Opera Theatre.

William A. Morrow

## Harlan wins lighting job

Harlan Electric Co. of Southfield received approval from the Michigan Department of Transportation to maintain lighting on all Detroit freeways.

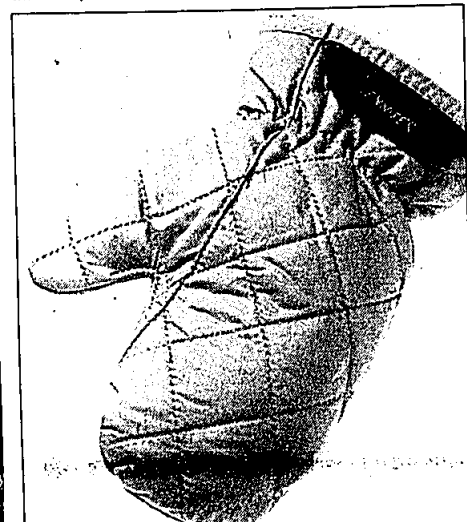

Harlan was the lowest of five bidders. The firm bid \$1.3 million on a two-year contract to maintain some 5,500 lights on approximately 70 miles of Detroit freeways and ramps.

The contract covers the Lodge, Ford, Chrysler, Fisher, Jeffries and Southfield freeways.

Harlan will take over maintenance operations from the city of Detroit's Public Lighting Department, which cannot continue to maintain lighting because of staff reductions.

The city will continue to provide electric power for the lights.

The contract with Harlan Electric must be approved by the State Transportation Commission and State Administrative Board before taking effect. Routine approval is expected.

You name it! Now, no more mixing up the kids' mittens with our exclusive water-proof quilted ski mittens, personalized with 2JK gold letters on leather tabs.
