

This spa, combined with redwood deck, is priced at \$8,000.

be bought designed or constructed to accommodate two to 12 people.

A reputable dealer or installer can provide advice on:

- Local utility costs for natural gas, propane and electricity.
- How many degrees a particular heater will raise the water temperature per hour.
- Heating and installation costs, depending on whether the spa or tub will be located inside or outside.
- Efficient pump horsepower rating.
- The number of pumps needed to drive the air or water systems.

THE SELECTION of a company to sell, install or build the product is important. A primary aid in choosing a dealer is the emblem of membership in the NSPI.

Members subscribe to the institute's strict standards for design and construction and abide by a code of ethics covering fair business practices.

The institute also suggests that consumers compare installation fees, investigate the service records of installers, ask for and contact previous customers of a particular company and inspect all manufacturer warranties regarding pumps, jets, filters and heaters.

Before signing a contract, make sure it gives maximum protection. Every item of expense for material and labor, including optional equipment, should be covered in writing.

For a complete package of information, including Sunset's "Hot Tubs, Spas and Home Saunas," send \$5 to NSPI, 2000 K Street, N.W., Washington, D.C. 20006.

One Of The Best Kept Secrets Around ...C.G. Wilkop Garden Center

Starting in 1947 as a small landscape maintenance firm, C.G. Wilkop Landscape, Inc. has grown into a complete commercial and residential landscape service company. In recent years, we have opened our Garden Center to the public as well as landscape contractors. With a large inventory of nursery stock and supplies, our Garden Center is one to satisfy your every landscape need ... at prices competitive to anyone else around.
