

Light show

Create a sunroom for your home with Pella's sloped glazing system including skylights, windows and patio doors. This room is constructed of wood with aluminum exterior. Inside wood is painted or stained. A double-glass insulation system is used in the rectangular windows, both French sliding and traditional swinging doors. Roof units use 7/8-inch tempered insulating glass. Local Pella dealers are in West Bloomfield and Dearborn Heights.

WOOD DECKS!

See us before you buy.
