

13 candidates vie for Schoolcraft seat on June 13

Thirteen candidates had jumped into the race for three Schoolcraft College trustee posts as of Tuesday's filing deadline.

Voters June 13 will pick three persons for full six-year posts and one to finish a two-year vacancy. They are elected at the same time as trustees in K-12 school districts.

Trustee Len Wozniak of Livonia dropped out by failing to file for a new term. Three other incumbent trustees are seeking re-election.

One candidate filed for both the six-year and two-year posts and has until the end of the week to pick one or the other, a college spokesman said.

SEEKING THE six-year terms are, in alphabetical order:

Mary Breen, 12351 Pinecrest, Plymouth Township.

John C. Burkhardt, 19850 Fry Road, Northville. He also filed for the two-year post.

Gerald L. Cox, 32761 Maplewood, Garden City.

Daryl J. Delabbio, 33151 Rock, Garden City.

Harvey A. Fallor, 1454 Wagon Wheel Road, Canton Township.

Bryan A. Graham, 29522 Oakview, Livonia.

Harry G. Greenleaf, incumbent, 35938 Pinetree, Livonia.

Myron Kasey, 19245 Jamestown Circle, Northville.

Rosina Raymond, incumbent, 15906 Oak Drive, Livonia.

That adds up to no candidates from the Clarenceville School District, two from Garden City, three from Livonia, two from Northville and three from Plymouth-Canton.

FILING FOR the two-year term are:

Wesley L. Berry Jr., 10021 Middlebelt, Livonia.

John C. Burkhardt (who also filed for the six-year term).

J. Christopher Rotta, 1022 Canterbury, Northville.

Sharon L. Sarris, incumbent, 29476 Bobrich, Livonia.

Mark B. Steinhauer, 11337 Arcola, Livonia.

The tally is three from Livonia and two from Northville.

THREE CANDIDATES for six-year terms submitted biographies at filing deadline.

Dr. Cox served a term on the Schoolcraft board from 1973-79. A former educator in Detroit public schools, Cox is now in the insurance business in Garden City.

He earned a B.A. in business administration at Michigan State University, a master's degree in business education at Wayne State University and a Ph.D. in business education from the University of Michigan.

"Governance — that is, the composition, election and function of the board — needs attention," he said. "Balance must be restored to the board of trustees," added Cox, who recently asked the board to consider seeking legislative permission to reappoint itself.

Six of the seven present trustees are residents of Livonia school district; the seventh is from Plymouth-Canton.

BERRY, WHO ran for the Schoolcraft post in 1981, is seeking the two-year post. He operates Wesley Berry Floral Companies in two locations and is a set consultant for two television stations.

Berry is active in Republican circles as an officer of the Livonia Republican Club and in several campaigns. Other affiliations include Jaycees, Elks, Rotary and the Masonic lodge.

Berry said he would stand as "a sentinel for the taxpayers against waste in government. Further, I realize that the public school system is the foundation of our country's greatness."

BREEN, ASSISTANT principal of Stevenson High School in Livonia, announced her candidacy with a luncheon on campus. She is the wife of Plymouth Township Supervisor Maurice Breen.

She previously taught in Wayne-Westland and Dearborn schools before becoming a Livonia district teacher and administrator for 14 years. A graduate of Henry Ford Community College, she earned a B.S. at Wayne State University and an M.A. at Eastern Michigan University. She also has

Gerald L. Cox

Wesley L. Berry Jr.

Mary Breen

graduate credit at WSU and Michigan State University.

Her activities include Jaycees, a

homeowners association, the Plymouth Heights Charter Commission and many educational positions.

Short courses are offered

Mime, conversational French, speed reading and children's theater are included in the selection of enrichment short courses offered through the Orchard Ridge Campus of Oakland Community College this spring and summer.

Basic courses in computers and computer programming for 7-11-year-olds, as well as for middle and high school students, are also part of the series. Graphic methods, rather than mathematics, will be employed in teaching

students to develop their own programs.

Advanced basic classes will further show youngsters that their encounters with computers need not be limited to videogaming by introducing them to such concepts as loops, subroutines, and arrays.

Registration for the enrichment series for students in kindergarten to 12th grade is under way and continues through the first meeting of each class. For a complete listing of courses and registration information, call 471-7595 or 471-7587.
