Being a disciple of ecology has a lot of beneath-the-sur-lace implications. After brief investigation, one discovers ecology has a lot of social and personal advan-tages. Toward the top of the list is the discovery an ecol-ogy disciple can remove the mask and approach his neigh-bors honestly.

I CAN NOW inform my neighbors my quackgrass lawn serves a social purpose. Quackgrass doesn't require a much watering as the hybrid strains and helps preserve our nation's water supply. Likewise, my neighbors now know I mow my lawn only once a month to reduce the in-

way into the garbage can.

SPEAKING OF GARBAGE, residents in Kendallwood received an interesting notice from the Earth Rebirth Committee.

After warning of the ecological crisis, the flyer noted subdivisions such as Kendallwood "add substantially to the waste of potentially good waygen and food producing land." For this reason a program has been set up to rectilly the situation. On June 1, buildozers will move Into Kendallwood for the purpose of tearing down the houses and all other inorganic (tleychack (the waste).

down the houses and all other inorganic ticky-tack (the water tower will be preserved for irrigation purposes. "Meeting on the cleared site for a picnic celebrating Earth Rebirth" on June 21 (the first day of summer), the community volunteers will begin to refurthish the formerly-wasted
