ADVICE SERIES**

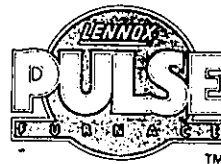

20%-25% Rate of return on your next investment.

Here's an investment like none you will find on Wall Street. The U.S. Department of Energy rates the revolutionary new Pulse furnace from Kast at 91% to 96%

Annual Fuel
Utilization
Efficiency. That
means more heat
from less fuel.

Your heating bills
can be up to 50%
lower, accounting for the remarkable payback.

Look into it. Then get Pulse and Kast working for you.
Kast puts the heat on high fuel bills.
