# PULL FOR OPPERTHAUSER FOR DISTRICT JUDGE

# **JUSTICE** DELAYED IS JUSTACE DENIED

The fair and efficient determination of civil disputes between our citizens is absolutely necessary for a thriving and orderly democratic society. Justice, which is either too expensive or too slow, makes a mockery of itself.

My experience as a trial lawyer in eighteen different counties in this State convinces me that a judge must be efficient and energetic in order to properly administer justice.

The new District Court for the Township and the City of Farmington must be fair, firm and act without unnecessary delays. If I am made the first Judge of this Court. I will vigorously pursue a policy of prompt, equal and courteous consideration to all persons, so that prompt and true justice may be had by everyone.
