

Fillings make this walnut torte truly terrific

Tortes are usually very special cakes — often times made in layers with little flour and ground nuts as part of the batter. In this tasty recipe version, we've put the walnuts into a sour cream base that's both a filling-layer and a topping.

Our Walnut Torte is a multi-layered dessert of color, taste and texture that goes together quite easily with the aid of packaged mixes. The cake mix is baked in two layers according to package directions and then each is cut crosswise to make four layers. Next, the cake layers are alternated with a walnut-sour cream layer and a filling of your choice — lemon-orange, butter-coffee, apricot-vanilla or chocolate-rum. You'll want to make this torte four times just to try each of the tempting flavor combinations.

If you have a microwave oven, you'll find that cooking most of the fillings is even easier since you do not need to watch as carefully for scorching. (Only the lemon flavor is not recommended.) Just follow the package directions for microwaving; cook and stir until a full rolling boil is reached. To hasten the cooling, set the container of hot pudding in a cold water bath until the pudding is lukewarm, then remove from the bath and refrigerate until thickened.

To get the walnuts very finely chopped, use a mouli grater, food processor or blender. (Chop ¾ cup at a time and turn blender switch on and off.)

WALNUT TORTE
2 cups walnuts
12 layer size pkg. yellow cake mix
Lemon-Orange Filling
¾ cup dairy sour cream
¾ cup powdered sugar
1 tsp. vanilla

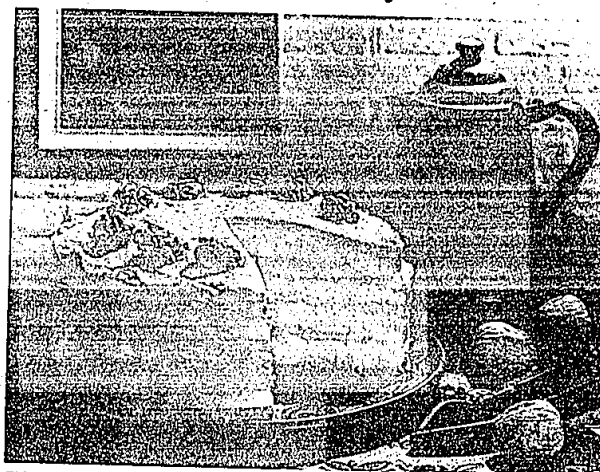

Dash salt
Walnut halves for decorating

Grate, process or very finely chop the walnuts and set aside. Prepare cake mix as package directs and pour into two 9-inch layer cake pans. Bake and cool as directed. Prepare Lemon-Orange Filling. Mix together the sour cream, powdered sugar, vanilla, salt and walnuts. Carefully split cake by cutting each layer crosswise into halves. Place one half, top crust down on serving plate; spread with half of the Lemon-Orange Filling. Place another half-layer on filling and spread with half of the walnut-sour cream mixture. Repeat layers. (Use all of the filling and walnut-sour cream should be the top layer.) Refrigerate until serving time. Decorate with additional walnut halves. Makes 12 servings.

Lemon-Orange Filling: In a saucepan, combine 1 4-serving size package lemon pudding and pie filling (not instant), ½ cup granulated sugar, 1 cup each water and orange juice and 1 egg, slightly beaten. Cook over moderate heat, stirring constantly until mixture reaches a full boil. Cover, cool and chill until thickened.

Apricot-Vanilla Filling: In a saucepan, combine 1 4-serving size package apricot-flavored gelatin and 1 4-serving size package vanilla pudding and pie filling (not instant). Stir in 1 cup each water and milk. Cook over moderate heat, stirring constantly until mixture reaches a full boil. Cover, cool and chill until thickened.

Butterscotch-Coffee Filling: In a saucepan, combine 1 4-serving size package butterscotch pudding and pie filling (not instant), ½ teaspoon cinnamon and ¼ teaspoon instant coffee.

This walnut torte is easily prepared from a cake mix and this recipe offers four sauces from which to choose — giving you four cakes for the "price" of one.

Stir in 1 ½ cups milk and cook over moderate heat, stirring constantly until mixture reaches a full boil. Cover, cool and chill until thickened.

Chocolate-rum Filling: In a saucepan, combine 1 4-serving size package

chocolate pudding and pie filling (not instant) with 1 ½ cups milk. Cook over moderate heat, stirring constantly until mixture reaches a full boil. Remove from heat and stir in 1 teaspoon rum flavoring. Cover, cool and chill until thickened.
