A grandfather's love as only Rockwell could portray it.

Second to the Rockwell's Light Campaign series from Edwin M. Knowles and the Rockwell Society

The cache of lost Rockwell art which was recently discovered by Rockwell Society researchers has yielded up yet another treasure, "Grandpa's Treasure Chest," Norman Rockwell's moving study of the sibling love between grandfather and grandchild. The Edwin M. Knowles China Company offers this historical Rockwell on a collector's plate issued in an edition limited to one hundred fifty days.
