

OU seeks building funds

Oakland University will ask the state for \$3.14 million to begin new facilities or remodel existing ones.

The capital outlay request is in addition to a \$42.7 million operating budget request — a \$3 million increase over 1983-84.

University officials said the additional funds are needed for inflation, wage and salary adjustments, utility increases and necessary scientific and

other equipment purchases.

THE 1984-85 operating revenues would come from the state appropriation of \$26.3 million, up \$4.5 million for OU's fiscal year; nearly \$15 million in tuition and fees; \$575,000 in direct cost recovery; \$700,000 in miscellaneous income; and a \$172,000 balance carried from the 1983-84 fiscal year.

OU would also like \$1,500,000 for an addition to Dodge Hall of Engineering for laboratories in robotics, molecular biology and computer sciences.

A THIRD OU priority is an energy management plan costing \$234,000 to modify a Honeywell Control system in the Central Heating Plant for campus-wide monitoring of building activities. Other university priorities include:

- \$132,000 for placement of the

chemical exhaust system in Hannah Hall of Science.

• \$149,500 to replace an absorption chilling unit in Kresge Library.

• \$175,000 for programming and planning a proposed \$10.5 million science building.

• \$75,000 to modify existing elevators.

• \$170,000 for roof modification and replacement in North Foundation Hall.

• \$147,000 to install a chilled water loop between Kresge Library and Dodge and Hannah Halls for air conditioning.
