Cranbrook catalogue

Catalogue for the exhibition "Design in America: The Cranbrook Vision 1925-1950" is on sale at Cranbrook Academy of Art and the Detroit Institute of Arts for \$25.95 in softcover and \$45 in hardcover. The 350-page catalogue complements the exhibition at the DIA running from Dec. 15 to Feb. 19. The show will move to the Metropolitan Museum of Art in New York and then to Helsinki, Paris and London. The catalogue (cover above) offers information and photos on the 200 works by more than 30 Cranbrook faculty and students that trace the development and influence of the academy from its beginnings in 1920 until the 1950 death of Eiel Saarinen, who guided the institution during those years.
