Laxatives do not overcome constipation

I AXATIVES and cathartics provide temporary relief only. Their continued use leads to permanent injury. In time, says an eminent physician, an almost incalculable amount of harm is done by the use of pills, salts, mineral waters, castor oil and the like.

Physicians advise lubrication for Internal Cleanliness

Medical science has found at last in lubrication a means of overcoming constipa-tion. The gentle lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage through and out of the body. Thus, Nujol brings internal cleanliness.

Noted is used in leading hospitals and is prescribed by physicians throughout the world. Nujol is not a medicine or laxative and cannot gripe. Like pure water, it is harmless.

Take Nujol regularly and adopt the habit of internal cleanliness. For sale by all druggists.
