Keep your system in fighting trim!
YOUR liver, kidneys, and other organs are engaged in a constant battle against infection and body poisons. When they are sluggish these poisons "back up" and collect in the blood. Headaches, backaches, constipation, dizziness, biliousness, foul breath, and coated tongue are the danger signs. Don't neglect them. Drive out the poisons. Help the fighting organs—the kidneys, liver, bowels and pores of the skin. Keep them healthy and active with

The judge adjusted his spectacles. "In this charge against Mrs. Bunnuphy of sticking a batpin in Mrs. Bussybelgh's eye, the case is dismissed."
Mrs. Bussybelgh snorted and turned red with rage.
"But," continued the court, "for the future protection of Mrs. Bussybelgh the court orders that Mrs. Bunnuphy plug up her kerhole."

Followed Instructions.
"You can't get the best of these railway porters who bung your things about," said Jack. "I labeled my trunks 'China' and thought they would handle them with unusual care."
"And did they?" inquired his friend.
"I don't know. They shipped them all the way to Shanghai and I haven't seen them since!"

England Has Waitresses' School.
At Hammersmith in England there is a school for waitresses where young women are put through a course including among other things, technical French, the serving of coffee, diction and voice production and the composition of menus. Tips probably form a post-graduate course outside.

When You Build or Remodel

YOUR satisfaction with the finished work, whether it be new construction, repairing or remodeling, will depend entirely upon the grade of materials used.
Our policy is to handle only highest grade, carefully selected lumber and building materials. When we furnish the materials for the job, you are assured full value for your money.
We recommend Sheetrock, the fireproof wallboard, for walls and ceilings. It is gypsum plaster in broad ceiling-high sheets always 1/2 of an inch thick.
Sheetrock will not burn, swell, warp, shrink or crack. It is the only wallboard that can be successfully wall papered without using panel strips.
