"What do you suppose we had for breakfast this morning? Some nice golden brown pancakes and sausage. 'Oh Boy!' Come on over and get you some."

"You Know the Place"**DON'T BURN BLACKENED LAMPS**

At this season when so many hours are spent under the lamp-light, Edison customers would do well to inspect their lights. A lamp that has had 1000 hours of burning—say, six months of daily use—has dropped perhaps 40 per cent in efficiency. In other words, it is burning up current that does you no service—and you pay the loss.

Edison Service includes the exchange of bright new lamps for your old blackened or burnt-out lamps, as follows:

46, 60, and 100 WATT SIZES
Residences Free
Stores (paying regular lighting rates) Free
Factories (paying regular lighting rates) Free
(Other sizes at reduction from list)

Bring your old lamps to our office and get new ones in exchange.
