CLARENCEVILLE

SCHOOL NOTES

First Grade—The pupils of the first grade are starting out in their new readers and are planning on being able to enter the second grade at the end of the semester.

Second Grade—The pupils of the second grade entered the Bolentius second reader at the beginning of the semester.

For hygiene work this month the children are making illustrated health-alphabet cards.

Our sand table project for the month of January was based on the story, "Nogark the Little Eskimo Girl" and "The Eskimo Twins." A snow and ice covered table with floating icebergs gave the setting. Igloos were made; dog teams and sledges, reindeer, bear seal and walrus, were shown. The children dressed Eskimo dolls and modeled animals from clay. They also made an igloo of snow in the school yard.

The month of February will be featured by Lincoln and Washington projects; also St. Valentine will claim a part of the month's work.

The children have already built a log cabin to represent Lincoln's birthplace.

Valentines may find their way into a gay red-crepe-papered U. S. mail box which we have placed in our room. Our decorations are red and white streamers, from which are suspended cupids and hearts.

For language work we are studying about Abraham Lincoln and George Washington, and have a number of new pictures to help us in this work.

Third Grade—The "A" reading class are beginning their new readers.

The following names are on the spelling honor roll for last week: Melvin Witte, Erma Shaw, Jack Johnson, James Hayden, Aurelia Franz, Russell Liley, Douglas Parmenter, Ruth Wurtzbacher, Fred Hansel and Bruce Johnson.

For language we are studying about Abraham Lincoln and are learning to spell the principal names for the month. In arithmetic we are beginning the lessons on telling time.

James Hayden and Ruth Shaw have charge of decorating the room for this month.

In Art class we have made a few valentines.

The third grade have a few numbers on the program for the P. T. A. meeting Friday afternoon. Everyone is invited to come.

Sixth and Seventh Grades—Mrs. F. Jorgenson was a visitor in our room Friday. We are always pleased to have parents visit our school and wish more would acquire the habit.

In a debate Monday, the sixth grade decided that it was as necessary for a girl to receive an education as a boy.

Last Thursday every pupil in the sixth and seventh grade room answered roll call, 42 in number.

High School—The eighth grade English class has just finished a unit on letter writing and are now reviewing the parts of speech. One day last week they wrote compositions on Lincoln. Gladys Wood, who is fond of poetry, composed a poem, "To Lincoln."

The eighth grade is reviewing percentage. Last week was spent in banking. Different types of checks were brought to class and protection in written checks was discussed.

The high school has enjoyed a traveling library from the state this winter.

The high school library has been classified according to the Dewey decimal system. Mrs. LaBarge and Miss Harrison had charge of the work.

The tenth graders are doing very satisfactory work in public speaking and the ninth graders in debating. It is rumored that the students of the ninth grade are contemplating challenging the tenth graders for a try-out in the near future.

The Civics class passed a very satisfactory semester examination and have taken up Agric for the second semester's work.

Owing to unsatisfactory playing conditions the basketball teams have abandoned all plans for scheduling games this winter.

The high school orchestra is making very satisfactory progress both in numbers and in ability to handle good music, and are beginning to handle orchestration very creditably. We can boast of a few instruments not usually found in a high school orchestra, and are rather proud of our musical organization.

DINNER SUGGESTIONS

Some good fresh Spinach would make a fine vegetable for your dinner tomorrow—with a bunch of Green Onions on the side.

And for a desert you'll find a nice ripe Pineapple will answer or a fruit salad with Grapes, Oranges, Bananas, Cherries and Nutmeats.

We also may suggest some good brown Buckwheat cakes to start out these sharp crisp mornings with a little syrup.

A Rare Opportunity

TO PURCHASE A MODERN HOME IN

FARMINGTON

"Detroit's Finest Suburban Village"

To create greater activity in Brookdale Subdivision we have started another One Floor Bungalow with five splendid rooms and bath, full basement, warm air furnace, double Oak floors, large front porch and garage.

The lot is 50-ft. wide, is on Lakeway Ave., and has sewer, water, sidewalks and shade trees.

The house will be complete in every detail including wall paper, electric fixtures, window shades and curtain rods.

And the price will be less than \$3,000 with terms to fit your pocket book.

Come in and see the plans and specifications and be convinced. You are also invited to inspect the Bungalow on Brookdale Drive now being completed for Mr. and Mrs. Howard Staman.
