Next Spring-

With over 200,000 orders for Ford Cars and Trucks already placed for delivery during the next few months, we are facing a record-

Each successive month this winter has witnessed a growth in sales far surpassing that of any previous winter season. This increase will be even greater during the

spring months, always the heaviest buying

These facts suggest that you place your order early to avoid disappointment in delivery at the time desired.

Ford Motor Company

It is not necessary to pay cash for your car in order to have your name placed on the preferred delivery list. You can make a small payment down or you can buy, if you wish, under the convenient terms of the Ford Weekly Purchase Plan.

All Right for the Ducks
A Britisher tells of a rider who, commun for a river with which he was unfamiliar, asked a youngster playing on the bank whether the water was deep, "No," said the lad, and the rider started to cross. He soon found, however, that he and his horse had to swim for their lives.

that he and his porse had to swim for their lives. He turned when he finally reached the other side and shouted to the doy: "You told me that it wasn't deep." "It ain't," was the reply. "It only takes grandiather's ducks up to their middles."
