

**FOR RENT---SAFETY**

We don't make the claim that our vault and safe deposit boxes are the strongest and safest in the country, but we do know that they are as strong and safe as human ingenuity has been able to make them.

We do know that they are surrounded with every known safeguard. We do know that you can't get greater safety any place.

A few boxes of varied sizes are available for rent. They'll not last long, be assured of that, so if you need one, as you doubtless do, make your reservation now.

A few cents a day pays the bill.

**RED STAR**  
Detroit Vapor  
**OIL STOVE**

This beautiful oil stove offers the woman who uses oil for fuel, the most modern type of cooking service. Not even the most elaborate gas range can offer more practical features.

This latest Red Star is far ahead in many ways. Its clean, unbroken surfaces with stream lines, rounded corners and edges; the trimness of the design; the absence of ugly bolt heads and other projections; the sanitary white porcelain and black enamel finish, are all marks of the highest type of modern stove construction.

And behind this physical perfection is the famous Red Star Burner which burns common kerosene, gasoline or distillate, yet cooks with a clean, hot, economical GAS HEAT. This patented burner HAS NO WICKS or wick substitutes. Gives years of service without replacing.

There are types and sizes of Red Star Oil Stoves for every home and a price for every purse. We invite you to visit our stove department for a demonstration.

Clean with a Damp Cloth

The beautiful, white, porcelain and black enamel finish of this Red Star is easily kept spotlessly clean. Only a damp cloth is required. This is the sanitary way.

No Wicks, Cooks as Fast as Gas

This patented, all-metal burner is found only on the Red Star. Uses kerosene gasoline or distillate. Turns it into gas and burns the gas.

Double-Flute; Rust-Proof Oven

Baking and roasting are done with a continuously circulating flow of hot, FRESH air. Condensation is reduced. Encourages light, fluffy baking.

Sanitary Cooking Top

All corners, edges and joints finished clean and rounded. No sharp corners, to hold dirt or grease. Easily cleaned.

Lever Type Control Handles

White porcelain. Same as used in finest plumbing. No bolts to work loose.

Altogether there are a dozen distinctive features in the Red Star illustrated above. We shall be glad to show them to you, at any time.
