

For Economical Transportation

Will Your Family Be Happy This Spring?

If yours is one of the few remaining families lacking an automobile, no doubt you have finally decided to get one within the next four months.

A low-priced modern automobile like the Chevrolet has become indispensable to the family of ordinary income. A million other families can easily prove to you that the better way is with Chevrolet. The beauties of nature, the interesting and educational features of other places and ways of living, remain things to read about or see dimly in cold photographs until you are free to get them at your convenience and pleasure.

But, suppose you have definitely decided to buy a Chevrolet this spring. This does not necessarily mean you are going to get it. Anyone posted on conditions in the automobile business will tell you that thousands of families are going to be unable to get cars this spring. This has been true almost every spring for the last ten years. There are just two ways of making sure of getting your Chevrolet for use when the flowers and balmy breezes of spring lure you to the country roads—buy it now or order it now.

If you do not want to pay for it in full at this time, any Chevrolet dealer will arrange to let you try its convenience. You will be surprised to learn how easy it is to pay for a Chevrolet and use it while you are paying for it.

Please realize these statements are made by us in good faith and we mean just what we say about the possible difficulties of getting a car delivered to you this spring if you wait until then to order it. The only way to be sure of a Chevrolet this spring is to order it NOW.

Alycone Is Brightest

Star of the Pleiades

Alycone, the brightest star of the Pleiades, equals in brightness the star Zeta, says Nature Magazine. It was at one time fancifully pictured as the center of the universe by the astronomer Mauder, but this was merely a speculation for there is absolutely no foundation. The Pleiades form, in fact, a moving cluster of stars of 200 or more members and the principal stars are associated with a nebula of vast size. There is no reason to believe that our sun with its family of planets is moving around this or any other center of the universe. It has been estimated that the distance of the Pleiades from the solar system is over 300 light years, or, in other words, that the light from this cluster takes over 300 years to travel to the earth. We see these stars today as they were before the Pilgrims landed in America.—Nature Magazine

Human Voice Causes

Avalanche in the Alps

Avalanches, which in the last few years have caused much damage in the Bernese Oberland, are sometimes started by trivial causes. Even a whisper has been known to set them off, and lives have been lost by a climber shouting to his companions when crossing a snow slope.

The starting of an avalanche which a few years ago overwhelmed a caravan of sleighs in an Alpine pass was attributed to the thistle of sleigh bells, and ever since the use of bells on this route has been prohibited.

Newspapers to Switzerland often inquire what purpose is served by the little barriers dotted about the mountain slopes. These are the avalanche breakers, without which traffic on many of the Alpine lines and passes would be impossible for part of the year. It would be futile to place obstructions across the foot of the track taken by an avalanche; once the mass has gained momentum it sweeps all before it. So thick stage barriers are built on the slopes of the mountains.—Manchester Guardian

You will never err if you listen to your own suggestions.

"They Can't Put You in Jail for That!"

"Can't, eh?" said the man, "Well, I'm here!"

After your sleepless night from coffee-drinking and your friends say it's all imagination, remember the sleepless night.

Also remember that Postum, the pure cereal beverage, contains nothing that can interfere with sleep. It has every desirable quality of a mealtime drink—cheering warmth, delightful flavor and wholesomeness that makes for health.

Postum for Health

"There's a Reason"

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

STATE NEWS IN BRIEF

Ishpeming—Hancock has been voted the 1925 meeting of the Upper Peninsula College Boys' conference at a meeting held here recently.

Hart—Mrs. James Corahequim, pioneer woman, who came here with her parents over an old Indian trail 65 years ago, died last week.

Elk Rapids—George W. Perry, 70, prominent northern Michigan publisher, died at Fresno, Cal., Tuesday. Perry owned and published the Elk Rapids Progress for 18 years.

Grand Rapids—Legislation fixing standard weights for loaves of bread manufactured in Michigan is sought by 44 Western Michigan bakers, who organized a branch of the State Bakers' Association here.

MacKewan City—Mrs. Julia A. Ingalls of this city, has retired as teacher under the retirement act after teaching 36 years. She has been a teacher in the MacKewan City schools for several years, retiring a few months ago.

Monroe—Fire destroyed the Marsh Club clubhouse, keeper's home and 12 boat houses, along the Government Canal, 2 1/4 miles east of here on Lake Erie. Heat from the fire caused 4000 shotgun shells in lockers in the clubhouse to explode.

Lansing—Owners of factories and residents in the lowlands here fear a flood this year if there is a sudden thaw coupled with rain. The snow is deeper and the ice is thicker in both the Red Cedar and Grand Rivers than in several years.

Detroit—Thirty-one banks in Michigan, reporting to the Federal Reserve Bank of Chicago, showed total savings accounts Feb. 1, of \$273,138,215, which was an increase of 9.3 per cent over Jan. 1, 1924, an \$11.9 per cent as compared with Feb. 1, 1923.

Sault Ste. Marie—Chippewa County's War Memorial Hospital, costing \$150,000 and dedicated to soldiers of the Civil, Spanish-American and World Wars, was opened recently. It is the finest hospital in the Upper Peninsula, complete in every detail with a 60 bed capacity.

Lansing—Edward C. Richards, 50 years old, prominent Lansing citizen, died here recently as a result of injuries received a few weeks ago when his bicycle was struck by a truck. Physically he was known as the shortest person in Lansing and among the few Michigan dwarfs.

Flint—An attempt will be made at Lansing by about 15 Michigan cities to obtain an appraisal of the electric light and power department of the Consumers Power Co., and the fixing of reasonable rates with more adequate service. According to an announcement by John H. Farley, city attorney of Flint.

Iron Mountain—Twenty million feet of logs in the estimated output for this winter placed by lumber companies, loggers and jobbers operating in this district. Last year's cut was about the same. In addition to the logs, it is estimated the output will total 5,000 cords of hardwood wood, 5,000 poles and 25,000 posts.

Ann Arbor—The 100th anniversary of the founding of Ann Arbor was celebrated recently at a banquet given in the Michigan Union. Nearly 600 people attended and the descendants of the early settlers of the village were given places of honor. The committee in charge made every attempt to have at least one member of the more than 60 old families in the city present.

Iron Mountain—Horses are holding their own with automobiles in the upper peninsula. There are almost 31,000 passenger cars and the horse census is 29,540, according to state department of agriculture figures. The number of milk cows is 73,800, with 43,000 other cattle. Michigan's cow country leads Cleveland in milk cows, having 15,850. The sheep census is 19,300 and the swine 17,400.

Alpena—Fifty-seven creditors of the defunct Alpena County Farm Bureau to whom the bureau owed nearly \$5,000, have lost out in the settlement of the claims, according to a letter received by Trustee Michael O'Brien from the Federal Court at Bay City. These creditors neglected to file their claims within the time set by the court, believing that they would be a waste of time as there were no visible assets with which to meet them.

Grand Rapids—Construction of a 58-room addition to the Clark Memorial home, both for aged persons, have been begun. The Clark home addition, to be of two stories and of fire-proof construction, will cost about \$70,000. The institution is maintained by the Methodist church. The Isabella home, maintained by a local women's organization, will contain 22 sleeping rooms in addition to the living room for inmates, dining room and matron's quarters.

Lansing—Maintenance of trunk line highways during 1924 will be strictly under the direction of the state highway department, it was been decided by the state administrative board. Counties must agree to rules made by the commissioner before they will receive funds from the state. In the cases of counties who refuse to accept the state department rules or to live up to agreements made, the state will take over maintenance and charge to the counties their proportion of the expense for maintenance.

The KITCHEN CABINET

(© 1924, Western Newspaper Union.)

The woman who undertakes the administration of a home without understanding it, is on par with a man who establishes a home without being able to support it.

TASTY GOOD THINGS

It cannot be said too often that foods that should be served hot, should be hot, served on a platter.

On the other hand, food such as salad, be it prepared of fish, flesh, fruit or fowl if lukewarm, is a "monstrous" solicitation, intolerable and not to be endured.

Charlotte Russe.—Take a stale sponge cake, one-half pint of whipping cream, half-cupful of powdered sugar and the whites of two eggs whipped to a stiff froth. Line a cake mold with slices of cake, fitting one piece into the bottom of the mold. Whip the cream stiff and beat into this the meringue and sugar flavoring with vanilla. Fill the cake-lined mold with this; cover with more slices of cake and set on ice for an hour or two. Loosen the contents of the mold with a broad knife and turn out upon a chilled glass plate.

Panned Oysters.—Toast bread and butter well, wet with the oyster liquor and lay in a baking dish. Arrange as many oysters as the bread will hold, with bits of butter, cover and bake eight minutes in a very hot oven, until the edges of the oysters are ruffled. Serve at once.

Jellied Chicken.—Boil a good-sized fowl until tender and leave it in the water all night. Remove the fowl and season the stock, skin and strain and put over again with the bones from which the meat has been stripped. Crack the bones so that all the flavor will be extracted. Soak one-fourth a cupful of gelatin and stir into the hot stock. When it is dissolved take from the fire and cool. When it begins to jelly pour into a buttered mold. Arrange in this hard cooked egg minced, two chopped olives and the chicken cut into neat cubes. When filled the mold should be set in a cold place for several hours. Turn out when ready to serve. Nice for a picnic luncheon.

This jellied chicken may be molded in small molds and served on lettuce with mayonnaise, making a very fine salad.

"All riches are desirable, and we are justified in seeking them all; but the riches of mind and soul give the greatest happiness, and add the most to value of life. When it comes to riches of mind and soul, you are a millionaire. To be such a millionaire would certainly be worth while, and here we find a new ambition."

SIMPLE DISHES

A wholesome dessert which is good for the children is:

Butte rasotch Pudding.—Melt one cupful of brown sugar and two tablespoonfuls of butter and cook until melted and brown; be careful not to burn. Cook over the mixture two cupfuls of hot milk and simmer ten minutes until all is dissolved. Meanwhile soak an inch-slice of bread in cold water until soft and press out all the water and crumble into bits. Pour the milk, sugar and butter mixture over the bread and beat in the yolks of two eggs, a little salt and a small teaspoonful of vanilla. Pour into a buttered baking dish and bake in a pan of water twenty-five minutes. Beat the whites of the egg stiff, add two tablespoonfuls of powdered sugar, the juice of half a lemon and beat again. Spread over the pudding and brown in a moderate oven.

Lemon Cheese Cakes.—For the filling, for five individual pies, take one egg, three tablespoonfuls of sugar, one-fourth of a teaspoonful of salt, the grated rind and a tablespoonful of lemon juice, one-fourth of a cupful of cake crumbs. Beat the yolk of an egg, add the sugar, salt, lemon juice and rind with the crumbs, mix well, fold in the beaten white of the egg which has been beaten stiff and turn into prepared butter tins. Bake until the filling is set.

Tapoca and Date Sponges.—Cook one-third of a cupful of tapoca in a pint of boiling water slightly salted. When the tapoca is transparent, stir in one-half pound of dates which have been washed and pits removed, add one-fourth of a cupful of sugar and the juice of a large lemon. Beat the whites of two eggs very light and fold in the tapoca mixture. Cover and let stand on the back of the range until ready to serve. Serve with sugar and cream.

Fried Apples and Onions.—Heat the frying pan, add one-half of a cupful of meat drippings and when hot add a pint of sliced onions; cook gently, adding salt to season and a tablespoonful of sugar; after ten minutes of cooking add two times as much apple as onion, cover and cook until the apples are tender. Serve hot with pork chops.
