

100 Cents For a Dollar

Saving means more than just putting the spare change in a savings account.

It means watching the ends; it means buying judiciously; it means getting 100 per cent for every dollar you spend, and if you will do these things, you will find that the savings account will grow far more rapidly than would otherwise be the case.

Start today getting 100 per cent for every dollar you spend, and watch the "spare change" mount so rapidly into real money as to surprise you.

Let us help. We are at your service.

Parts You Never See They Are The Heart And Soul Of Hupmobile Goodness

Behind the Hupmobile parts display on view in our sales-room lies the story of Hupmobile owner satisfaction.

These parts—which look no different from parts of lesser quality but actually are vastly different—are the heart and soul of all the good you hear about in the Hupmobile.

In them is bound up the long life of the car—all its virtues

of low costs and few replacements of superior performance and high running economy.

The Hup factory could use materials of lesser quality; it could manufacture them into parts at lower cost if it chose.

But if that were to be done, the Hupmobile would sink to the dead level of motor cars, instead of being the superior automobile it is widely acknowledged to be.

STAR AND DURANT CARS

When the Pull is Toughest

STAR AXLES

All interior adjustments can be made simply by removing the wheels. Star Axles have greater strength of driving parts per cubic inch motor displacement than any other low-cost car. See this feature of the Star Car.

All roads are not boulevards.

And when you do hit the rough going, where ruts twist the wheel from your hand, and hub-deep mud grips with sticky fingers to retard you, then the real stand-up quality of the Star Car shows up.

With a powerful urge your Continental Red Seal Motor transmits its strong steady throbs of action to the rear axles—Star Axles, to be definite.

The man who buys a Star Car buys insurance, safety and comfort insurance. For the Star Car has more staunch stand-up honest

quality in its make-up than any car near its price. The 27 feature reasons built into the Star guarantee it.

Motorists who reason and compare before they buy are responsible for the 150,000 Star Cars that year in and year out are pointing the way to the men of modest income, whose motor investment must pay satisfaction dividends.

Make it your business to investigate the startling 27 feature reasons that are taking the guess out of automobile buying.

27 feature reasons—yes, 27 of them—that your dealer will be glad to describe.
