## The Ideal Road and a Personal Service

During the past few years standards of  
Concrete road construction have been  
steadily advanced. This has been made  
possible largely through the construction  
and tests of different types of design.

For example consider the Bates Ex-  
perimental Road built by Illinois. Over  
a two-mile course, 63 different sections  
were laid. Three principal materials in  
wide variety of thickness and combina-  
tion were employed.

Then fleets of motor trucks were sent  
over the surface. For many days and  
nights the loads—a total of 377,460 tons  
—pounded across that two-mile stretch.

At its completion only thirteen of the  
original 63 sections had survived. *They*  
were of portland cement concrete.

The other three had heavy founda-  
tions of the same class of Concrete, that  
had been used without additional wear-  
ing surfaces in the first ten.

Properly built Concrete pavement is  
the most enduring and economical type  
of road construction known. Skid-proof,  
rigid, and lowest in maintenance, cost,  
the concrete road is the ideal road.

The Portland Cement Association has a  
personal service to offer individuals or com-  
munities. This service is designed to give you  
more for your money—whether you use  
Concrete, or have it used for you.

## STATE NEWS IN BRIEF

Bay City—Oscar C. Delbridge, Fillet laborer, has filed a petition in bankruptcy here, scheduling his assets at \$325 and liabilities at \$4,235.

Lansing—Citizens of Lansing voted against all special proposals in the recent election. These included the defeat of a proposition to issue a million dollars in paving and sewer bonds.

Sturgis—Harvey Dean, the father of three children, was instantly killed when he was struck by a Pennsylvania train one-half mile south of Sturgis. He was driving a gravel truck.

Clair—William H. Satham, 25 years old, who was a grocer and transported by rail, died from internal injuries. Satham was walking among his herd of cattle when the bull attacked him.

Detroit—A statement by the Ford Motor Co. announces that retail deliveries of Ford cars and trucks in the United States during the month of March reached a total of 205,735, a record-breaking mark.

Monroe—Voters at the recent election determined not to raise \$200,000 for the purpose of erecting a new county jail and altering and repairing the county courthouse. The proposition lost in every precinct.

Detroit—Patrolman Albert J. Fenz, driver of a patrol, was instantly killed; and Patrolman Robert Munley, signal officer, was seriously injured when the patrol turned over after being struck by a light touring car.

Lansing—The city of Lansing has acquired title to a site at Mr. Hayes Avenue and Cedar street for the proposed south Lansing high school. Plans are being drawn so that construction can be started at the earliest date possible.

Holmes—The municipal roller skating project has proved so successful that it has been found necessary to enlarge the bounds. Two blocks of pavement are roped off each night from 7 to 9 o'clock, for the exclusive use of the skaters.

Detroit—Gustavus D. Pope, president of the Detroit Community Fund, will be one of the four American representatives to attend the third session of the general council of the League of Red Cross societies, to be held in Paris, April 28 to May 2.

Detroit—To provide additional facilities for manufacturing and shipping the Hudson Motor Car Products company has purchased the site and plant of the Jefferson Motor Products company.

The acquired plant occupies a site eight acres in extent.

Lay City—Lawrence Dworak, area county farmer, is dead as a result of a heart trouble. A few days ago while on the porch at the home of a relative he was wounded in the abdomen, and an investigation indicated the shot was fired by boys who were shooting at a target 40 rods away from the house.

Ann Arbor—Dr. Christopher G. Parrott, former director of the University of Michigan Hospital, has been appointed medical director of the Rochester General Hospital, Rochester, N. Y., and consultant for the building plans of the new \$5,000,000 hospital and medical school of the University of Iowa.

Port Huron—According to Dr. W. H. Morris, Margaret L. Austin is entitled to the lightest birth record of Michigan. When she was born, Jan. 15, 1923, she weighed 18 ounces. Presently she weighed 18½ pounds.

During the past year the infant has had whooping cough and chicken pox, but is now in perfect health.

St. Johns—Mrs. Anna Skut, of this city, widow of a Civil War veteran,

has obtained a monthly pension of \$30 from the Government and in addi-

tion, back payments for four years.

This sum is swelled by the payment of additional money due her late hus-

band, Peter Skut, a member of the

Fourteenth Michigan Infantry during

the war.

Lansing—Contract for seven road projects M-27 and M-19, and for dredging and graveling all 150 miles of Michigan roads, was let on the condition that the low bidders can increase the center thickness to eight inches instead of seven, as originally specified, change the edge to a 10-inch thickness and offer a favorable change in price to conform with the changes.

Lansing—Michigan's highway department, upon the payment of a nominal charge, will supply to hotels and other places where tourists are liable to look for information, a map giving conditions of the roads of the state and the kind of roads upon which the tourist will travel. The map will be changed every two weeks to keep it up to date, and will give the latest possible information concerning road conditions.

Union City—Jacoba's Golden Malt, Ann 374745, a Jersey cow owned by C. E. George, of Union City, has recently completed a most creditable record.

She started the test as a mature cow and in one year produced 12,903 pounds of milk and 757.47 pounds of butterfat, on twice a day milking. This Michigan Jersey appeared in the 50 pound list for eight consecutive months and in the second month of her lactation period milked the 90 pounds of butterfat smash by only .3 of one pound. She has now one tested daughter.

### HELPFUL HINTS

The leather cushions of chairs and couches may be treated with the ordinary tan or black shoe dressing, the cleaner and the polishing wax. If the leather is worn or cracked and stained and stained will disappear, the leather be preserved and made to look like new.

A large pink-lined soap shell filled with earth will hold a bunch of pansies or violets, making a beautiful gift for a sick friend. Even a small fern will find a pleasant home in such a receptacle.

House ferns if set in a paper bag and water once a week will put forth new leaves very well. Water ferns and plant them used to clean meat—if that is ever done in your household. If a damp cloth is used, which is the best method for wiping meat, rinse it in soft water and use the water on the plants.

Use any small amounts of paint left over to paint the inside of the garage. It will keep it from rusting.

To mend cloth, linoleum or con-  
goleum that has been cracked, make a strip of adhesive and under the broken edges, wedge them together, put a cloth weight to dry.

When removing wall paper, wet with a paste—It will not dry so quickly as clear water and the paper quickly peels when scraped.

Bugs that turn up at the corners may be smothered with thick starch. When bugs slip and slide, save strips of old rubber to the sides or corners. Casters which drop out of furniture may be made to stay by pouring hot paraffin into the socket and then replacing the caster while the paraffin is not.

Leftover pancakes may be broken into bite and added to the next day's griddle cake batter, improving the mixture. Added to scrambled eggs it makes a good supper dish.

Renew old brushes after washing by dipping them into strong alum water. An old wire hairbrush is a fine thing to use to comb the carpet sweater brush.

"See this my garden,  
It's not too long,  
Nor yet too wide,  
But set now right  
It's a sight to see.

### GOOD THINGS FOR THE FAMILY

When a small portion of roast is left from dinner and it has appeared hot and cold, remember that croquettes are good.

Chicken Croquettes.—Other meat may be used as well as other fowl.

Remove all the choice bits from the bones and cut them into small pieces. Any quantity not exceeding a cupful may be used. Cover the bones with cold water and heat slowly to the boiling point. After simmering an hour add one or two stalks of celery, onion cut into slices and a small portion of carrot, also sliced. Cook three-fourths of a cupful of rice in three cupfuls of broth and when the rice is tender, add one-fourth cupful of flour which has been cooked with one-half cupful of butter until smooth, salt and paprika to taste. Add one cupful of broth, taken from the bones, in the chicken and the rice and add the remaining broth. Let stand until cool then shape in cylinders. Roll in soft bread crumbs, beaten egg thinned with a tablespoonful of water, and again in crumbs and fry in deep fat. Serve with a sauce made from the broth and cream or tomato puree, half and half.

Luncheon Macaroni.—Cook two cupfuls of macaroni in plenty of boiling water, well salted. Drain and pour cold water through it. Place in a buttered baking dish. Cut one cupful of boiled ham through the meat, chicken, and ham, not crimping the meat, and a cupful of buttered and thin strained tomatoes or battatines and two table-spoonfuls of flour; when well-mixed and smooth pour this over the macaroni, add one-half cupful of grated cheese and bake in a hot oven for fifteen minutes.

Delicious Muffins.—Pour two and one-half cupfuls of milk over three cupfuls of bread crumbs, let stand until soft, then beat with an egg, add the yolks of two eggs, one cupful of flour, one cupful of baking powder and one-half teaspoonful of salt. Beat well; add one tablespoonful of melted butter and fold in the stiffly-beaten egg whites. Bake in a buttered muffin tin about twenty minutes.

Cabbage and Pineapple Salad.—Shred a small head of cabbage and let stand in ice water to become crisp. Drain and add a few slices of finely minced canned pineapple and a generous amount of nicely seasoned salad dressing. Cabbage is another good source of vitamins.
