Whiskers "Handsome is that handsome does," but not often in the case of the man with a three days' set of whiskers pro-truding from his complexion.

CHAPTER XIII-Continued. -13-Solomon and his young friend met bon Admus on the street. The dis-tinguished Massachusetts lawyer said to Jack wheo the greedings were over: "Young man, your pen has been not "Toes it usens war?" Jack queried. Mr. Admus wiped his brow with his madterchild ma said. "Reopie ho our circumstances have seldom grown old or died in ther beds." "We ought to be getting ready." said Jack.

Jack. "And me are doing little but ent and drink and sourt and bluer," Mr. Adams inswered. "We are being an-texting here with meats and card and custures and julkamen whos. It is the source of the source of the test of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the source of the relation of the source of the relation of the source of the source of the source of the relation of the source of the source of the source of the relation of the source of the relation of the source o

neat to earn Franklin's philosophy of therit." Colond Washington was a member of the Virgicial delegation. Jack wrote that he irss is runtorm, blue cost and was a big man standing' very erect and shout is do breeches; that he washingt is the the set of the should be complexing the and rather found, all should be and rather found, all face slightly pock-marked, his brown hair tinged with rary that he had the ingrest hands, sare those of Solomon Binkus, that he are seen. His letter contains these informing words: "I never guite realized the full meaning of the word 'dignity' until as with min and heard his deep rich voice. There was a kind of magnit-cence in his manner and person when stall, and an one had the stall

alscosing the choice of Colonel Wash-Ington.] Doctor Franklin, who never failed to show some token of respect for every great at his table, jurned to Solomoh and said: "Mahor Bhitke, you have been with him a good deal. What do you think of Colonel Washington?" "I think he's a hull four, hoss team m' the dog: outer the wagsin," said Solomoh. John Jdams often quoted these

"I think he's a hull four hoss team m' the dog: uoder the wagsin." said Solomo. John Adams often quoted these words of the scout and they became a saying in New England. Wasdington set out the June with Colored Lee and a compary of Light Horse for Boston where some sixteen

volce. There was a kind of magnifi-cence in his manar and person when "I will raise one thousand men toward (the relief of Boston and sub-sist them at my own argenses'. "That was all be said and it was the most eloquent speech made in the con-rent fouries there and the said and the the relief of the theory of the said and the said man. It is also evident that be will be the central figure on this alde, of the octan when the storm breaks. Next any, he almounced that he was as yet, opposed to any definite meas any said the central figures on this decarnito any he almouted that he was any set, opposed to any definite meas any set, any he almost any definite meas any set. The is the congress adjourned Octo-ber tweaty-skint to meet again on the tenth of May, there was little boge of peace in your thas who had had a part in this proceedings. "Jack who knew the conditions in England, knew also that war would come also and freety expressed his views.

ers had come from Margaret Let

towe word, and irrery capacitor has views. Letters had come from Margaret giving blin the welcome news that Lional Clarke had recovered and words that her own links the new fill that her own links the new fill that her own links that her own her failer would be that her her her tails would be that her own links the failer would be that her own links that her own links her her her here failer would be that here would be too her, and so it fell out. When the ears of the congress rended London, the high mude new plans. He began to prepare for war, Str Benjamilo, Hare, who was to be the first deputy of General Gage, was rescined to an brigade and immediately put his regi-ments in training for service overseas. He had spont six months in America end was supposed, in England, to have learned the art of bush fighting. Such was the easy optimism of the cheer-ful young minister at own, and his confreres, in the houseloi bards. After he arrival of the King William at Gravesend on the eighth of December-no English women went down to the sea hir ships for a long them. There-hafter he water ronds were thought to be only for failting the Mark Tolky in was the east of failting the failt foily. CHAPTER XIV
