

### A CAR IN THE SHOP AND IDLE MONEY

You know a machine that is out of commission is costing more than the actual repair bill—it's costing in LOSS OF SERVICE.

When money you have earned, or inherited, or received as a gift or a bonus isn't kept working for you, it's like the broken car—not giving service.

So your money may be kept working at top speed for you all the time. This bank accepts Certificates of Deposit carrying interest at four per cent.

Whether fifty or \$500.00 you have idle, put it in a certificate of deposit, then its working for a good return for the time designated.
