Wear 'Goldettes' and You Won't Be Conscious of Your Bloomers

"I am not conscious that I have them on." That is the leading reason women give for their preference for Goldette Patented Bloomers. Modish garments these, but first of all comfortable, unusually so. Finely tailored, they are cut liberally across the seat and through the legs and are longer in back.

There is no strain or bind anywhere whether sitting, walking, stretching or bending. The waist band is of the finest elastic. Its pressure is light as velvet yet it holds the garment securely in place.

The fine elastic cuff hugs the limb lightly yet firmly. The diamond shaped russet adds crotch freedom and is reinforced with a pure white, sanitary material. The dainty shirred pocket is really serviceable. These splendid garments are perfect fitting because sized differently. Long wearing. Easily Laundered. Made in the latest shades and materials.

THE DETROIT EDISON CO.

THE BAT TO PLAY AT

"The Bat" the most spectacular success ever presented on the American stage, will be seen at the Shubert Michigan theatre beginning Sunday May 18th, for the first time in its history at popular prices. This great mystery play which has thrilled the whole world, needs little, if any, introduction to the theatre-goers in Detroit. It is the one play that has been seen over and over by the same persons.

"The Bat" was written by Mary Roberts Rinehart and Avery Hopwood. Although both of its authors have earned undying fame in the world of letters it is in no way disparaging to the other things they have done to say that "The Bat" is the greatest piece of writing ever to come from their pens.

Produced under the able management of Wagenhals and Kemper than who there are no more successful theatrical managers in the country, "The Bat" has swept through the country, scoring phenomenal success in cities of every size. It is the one play that has won a universal note. It appeals to all classes; to men and women; to young and old alike.

Nothing tells the success of "The Bat" better than the actual record of what it has achieved in the theatre. It was played for more than two years in New York; for more than a year in Chicago; for one entire season in London; in Boston and Philadelphia and in every city in the United States today holds the record of the theatre at which it was presented for gross box office receipts. It has been seen by more than 6,000,000 persons and has turned in over \$2,000,000 in earnings to its owners. No play can even approach this record for the comparatively time "The Bat" here especially at the reduced prices decided on, is a distinct treat for theatre-goers. Those who are willing to take a word of advice will be prompt in securing their seats.

Prices—evenings, 50c to \$2.00. Popular matinees on Wednesday and Saturday, 50c to \$1.00.

Mail orders now will receive immediate attention. Enclose self addressed envelope and 10 per cent war tax to the price.

DINNER—5:30 till all are fed Ladies Aid at the First Baptist Church—Tuesday, May 20. 60c
