

TRAVEL MONEY

The most convenient funds to use whenever you travel are travelers' checks.

We issue these in \$10, \$20, \$50, and \$100 denominations, bound in a little book containing just the right assortment.

Furthermore, travelers' checks are safer than money because they are valueless until countersigned.

Then they are accepted by banks, stores, hotels, railways, and steamship lines at face value.

For an elegant little lunch or a late supper—and for the very perfection of cooking—use an electric appliance.
