John A. Adams

CANDIDATE FOR
RE-NOMINATION FOR

County Road Commissioner

REPUBLICAN TICKET

PRIMARY ELECTION SEPT. 9

The Rochester Clarion prints the following regarding Mr. Adams candidacy:

JOHN A. ADAMS IS LOGICAL CANDIDATE
Should He Be Defeated This Section of County Will Be Without Representation

ELEVEN YEARS EXPERIENCE

John A. Adams, for the past eleven years a member of the Oakland County Road Commission, is again a candidate for re-election with the best of prospects for an easy victory, and well he should be, as in Mr. Adams, Oakland County has a commissioner with a record for accomplishing what he undertakes and working at all times for the betterment of our county road system.

Wonderful progress has been made in road building in Oakland County during the past decade, and the knowledge thus gained by our commissioners, through continued experience, is reflected in every mile of latter-day road construction. It is the knowledge gained through experience that makes for betterment and surely this knowledge is needed in our highway department today more than at any time during Mr. Adams' eleven years of commissionership.

Oakland County may well boast of having one of the finest road systems in the state and though there is yet much to be done, good progress is being made to this end.

Also from a geographical point of view Mr. Adams is the logical candidate, in that this portion of the county would have but little if any representation on the board should he be defeated.

With the election of Mr. Adams for another term as commissioner, Oakland County will secure the services needed in the formulating and carrying out of its most extensive plans for the improvement of her highways.

The Chew That Cheers

A little BEECH-NUT Chewing Tobacco now and then

Is just the thing for regular men.

More punch than a pipe. Fine for fatigue and indigestion—good for the teeth and gums.

Big do-ers are all chewers. Inventors and jurists, deep thinkers and hard workers, crack athletes, star golfers, ball players, keep BEECH-NUT Chewing Tobacco sales beyond the 250 million package mark.

Waxy leaf, cut just the right size—chosen from the best crops—unvaryingly blended—flavored with the purest ingredients—all stems and litter removed—prepared, and sealed without one touch of human hands.

10c is flattered every time it meets a package.
