**Community Spirit**

Through the mist of the past, filling the pages of history is the Warrior Prince, while woven into the romance and fiction of the centuries, is the Merchant Prince. Great was the Warrior Prince, but greater the Merchant Prince.

Now comes the Community Spirit, to whose softening influence, ruthless individualism gives way and mutuality of interest finds place.

We, a local industry, are playing the role of this Community Spirit, by offering to buy your grains and sell you back the products made therefrom.

**MESSAGE TO HOUSEWIVES**

There is of course a vast deal of work to be done in the household; women know that, often too well. There is generally little time left for enjoyment, relaxation, companionship, besides one is tired between tasks.

But although housework is as inevitable as taxes and quite as imperative in its demands, there still is a way—an easy, quick, and very cheap way—to escape its hardest and most trying demands on one's time, one's strength, one's health.

You can attend to your housework better than before, and yet with abundance of leisure for the other things you would like to do. Call, if you please and let us show you.
