ONCE MORE THE BIG GALA DAY

Enthusiastic Crowd Gathers Last Day for Fun and Frolic

While the number of people who gathered here Monday for a day of fun and frolic was not quite as large as that of last year, they were an enthusiastic bunch and seemed to enjoy to the full the entertainment prepared for them by the Legion boys.

With interesting ball games going on at Warner field, quoth throwing contests at the park, each drawing a large number of fans, the crowd at big show on Division street at times seemed a little small, while in reality a great many were being entertained. With the morning salute, the Romeo band started the festivities with a lively air. The willingness of the band boys to play at any and all times added much to the enjoyment of the day. They certainly did their part.

The acrobatic feats and vaudeville acts given from a well-devised platform erected on the vacant lot on Division street just south of the Improvement Club, were all good and each act drew a large number of spectators. The acts were given at intervals during the day and evening.

The horseshoe throwing tournament, the first given by the Farmington Horseshoe Throwers Club, proved an enthusiastic affair. The contests were played off with players from Bedford, Elm, Levenia, Plymouth, Northville, Walked Lake and Farmington.

Mrs. Myrna Frances, of St. Petersburg, Fla., who has won the national championship three successive times, gave a fine exhibition of fancy throwing and demonstrated what could be done with horseshoes.

The winners in the contests were: first prize double, R. Lowell, Northville, \$5.00; first prize single, W. Hawkins, Elm, \$5.00; second prize single, Panco, Plymouth, \$3.00; spot light, Plymouth, \$1.00; W. Hawkins, Elm, \$5.00; spot light; fourth prize single, Burke, Bedford, box cigars; fifth prize single, Newman, Bedford, box cigars; sixth prize single, L. Thayer, Farmington, box cigars; seventh prize single, John Clark, Farmington, box envelopes.

The sport events were exceptionally interesting. The following are the prize winners: Boys sack race—first, Wayne Dayton Schuchard; second, Wellington Helan; third, Francis Dolson.

Girls race—first, Marion Schuchard; second, Sadie Putman; third, Virginia Erhard.

100-yard dash—first, Frazer Staman; second, Robinson and Coen (tie); third, William Fulton.

36-yard dash—first, Leonard Sweet; second, Mrs. M. Williams; third, Mrs. A. Lyke.

Wheelbarrow race—first, Jake Allen; second, Dave Cairns.

Three-legged race—first, Fulton; second, Cornell.

Fat man's race—first, E. Hazen; second, E. Arle.

Potato race—Ladies, first, Mrs. Leonard Sweet; second, Polly Pickett; third, Mrs. Hildebrandt.

Sack race—first, Dallas Newcomb; second, A. Davis.

Nail driving contest—Ladies, first, Mrs. H. H. Hazen; second, Mrs. H. H. Hazen; third, Harley Coe.

FARMINGTON SCHOOLS OPEN MONDAY, SEPT. 15

Supt. A. G. Leonard will be in his office all day Friday, Sept. 12 and Saturday forenoon, Sept. 13, for registration and consultation. Schools to open Monday, Sept. 15, two weeks later than usual on account of infantile paralysis.

LOCAL NEWS

Mrs. F. E. Bradley spent Tuesday in Detroit.

School in the Pierson district will open Monday, Sept. 15.

Mrs. Elmer Dokany was a Michigan State Fair visitor Wednesday.

Mr. and Mrs. Roy Brown left Thursday to visit friends in Chicago.

Miss Fern Peck and Mrs. Nina Smith returned to Battle Creek to spend the week end with relatives.

Miss Alma Ackley, of Stockbridge, a teacher in Junior College Detroit, visited Mrs. Fred Dowdley over the week end.

The Misses Agnes, Renatta and Esther Meyers, of Detroit, spent labor day with their mother, Mrs. H. A. Meyers on the Seventy-fifth road.

Mr. and Mrs. Roy Bellrey, daughter Alice, Russell Hamilton of Toronto, Canada; Miss Bertha Hamilton and niece, of Laurel, are here for one week.

Daughter Thelma, sons Russell and Arthur, of South Bend, Washington, were guests Monday of Mrs. C. Wolfe and sons, and attended "Big Day" celebration at Farmington.

W. Harry Cryderman, county clerk, says: Last year the county clerk disposed of 4,100 small game licenses so this year the department is planning to issue 4,500 and I expect I will have to send for more. The office started issuing the new game licenses Aug. 20, and they become effective Sept. 1 and are good for one year. The duck season does not open until Sept. 16.

M. A. C. HORSES WIN HONORS IN OHIO SHOW

Horses from the Michigan Agricultural College herds, shown last week at the Ohio State fair against strong competition, succeeded in winning brilliant honors for the Michigan herds.

Pervence, star Belgian of the M. A. C. string, was the first prize three year old, senior champion and grand champion of the show. He was bred by Mrs. Fred Bond, of Percheron horses were included in the list.

The M. A. C. horses, as well as the sheep and beef cattle, are being shown this week at the Michigan State Fair, at Detroit.

BORN—To Mr. and Mrs. Lee Doyle a 7-12 pound daughter, Wednesday, September 3, Jean Patricia.

BORN—To Mr. and Mrs. Mark Bachlor, a 10-lb. son, Donald Dorwin, Wednesday, Aug. 27th.

BORN—To Mr. and Mrs. Chas. Hoza, a son, Sunday, August 31.

NOTES OF THE CHURCHES

Farmington Methodist Church, S. D. Evas, Pastor. 10:30 Morning Service. I. S. Morris, speaker. 11:45 Sunday school. Miss Emily Butterfield, superintendent. 7:30 Union evening services at the Evangelical church.

Mid-week services Wednesday evening at 8:00 o'clock.

Clarenceville Community, M. E. Church. Mrs. Gregg in Charge. 10:15 Dedication of Church hall. Services in German and English. Rev. F. Lueckhoff, Detroit, will preach the German in German and Rev. J. Bollens will officiate in the English church.

Chicken dinner at 12 o'clock, 13:00, ladies anniversary. (Rev. O. C. Haas and Rev. A. Martin will preach.)

Super at 5:00 o'clock. 7:30 Union Service. Rev. C. W. Townsend of Farmington, and Rev. F. Ables of Highland Park, will preach.

First Baptist Church. C. W. Townsend, Pastor. 10:00 o'clock church school. 10:00 o'clock worship. Sermon. Selling the Union. 8:30 o'clock, B. Y. P. U. 7:30 o'clock Union Dedication with the Evangelical congregation.

NEW ADDITION NOW COMPLETE

Evangelical Church Society Will Dedicate New Building Sunday

Workers are now putting the finishing touches on the addition to the Evangelical church which has been in the course of erection during the past few months and it will be in readiness for the dedicatory services next Sunday.

The addition, 40x32, is at the rear of the main structure and is built of brick to conform to the style of the building of which it forms a part.

A large dining hall, kitchen and canteen are located in the basement and are equipped with every modern convenience for serving refreshments. The dining room will comfortably seat a hundred people and the kitchen arrangements are such as to insure excellent service.

The main floor of the addition will be used as an assembly room for social gatherings and entertainments. The hall can be readily divided into rooms by the sliding doors when desired, for use for Sunday school classes.

The pastor, Rev. J. Bollens, has superintended the construction of the building and has taken much interest in securing the best church improvement. The present church building was erected about 20 years ago, during the time of Rev. Bolley's first pastorate here.

The building, including a new heating plant installed in the basement of the main building, cost \$9,500. Amos Otis had charge of the construction work as contractor.

The church auditorium has been improved by the new choir loft at the left of the pulpit rostrum.

The members and congregation of the Evangelical church now have a fine place for worship and for social gatherings.

The new building was erected in response to a pressing demand for larger and more convenient quarters for social activities of the several church societies.

The Ladies Aid will give a chicken dinner at 12 o'clock next Sunday at their new Church Hall. Everybody welcome.

GROESBECK'S RECORD APPEALS TO TAXPAYERS

Oakland County's Taxes Reduced.

Regardless of politics Governor Groesbeck is making a strong appeal to the thoughtful citizen based upon his record in reducing taxes during the time he has occupied the office. It is pointed out that in spite of increased legislative appropriations he has been able to reduce the general millage rate to 15 cents on \$100,000 in 1921 to 15 cents, 10 cents in 1924. This seeming impossible has been accomplished by forcing rigid economy on the part of every state employee and by making one dollar's worth of work or material so that at the present time there is an unexpended balance in the state treasury from this source of \$10,000,000.

Oakland County has benefited largely by this reduction as is evidenced by the following figures from the County Treasurer's office:

In 1921 the amount of state tax Oakland County paid was \$631,166.83; in 1922, \$545,955.31; in 1923, \$306,480.64; and in 1924, \$457,940.45. It has been claimed in some quarters that the comprehensive highway system under the plan of Governor Groesbeck has added a large amount to the general state property tax, but this is not true because, with the exception of some roads authorized under the \$50,000,000 bond issue voted before he came into office, all highways have been improved and maintained with the automobile license money.

In other words, instead of compelling property owners to contribute under a general state tax as was customary under former administrations, the expense of constructing and maintaining state highways has been collected from those who use the roads. In this respect Oakland County has been particularly fortunate, because, while it pays its share of the cost of the automobile license tax of the state, several of the greatest improved highways pass through its borders.

Mrs. Ione Pierce, of Grand Rapids, who is summing at Orchard Lake, was a guest Friday, of Mr. and Mrs. P. A. Glidden.

GUN PROHIBITION.

It is being suggested that the time is ripe for some form of prohibition in the use of firearms except for the use of the army and navy and police forces. Certainly the gun has become far too handy a weapon in the outfit of habitual criminals, and there is not the slightest doubt that crime would decrease if the teeth of the gunner were effectively drawn.

The possession of a pistol renders arrant cowards for the moment bold. There are grounds for believing that were it not for the advantage gained by the possession of a gun the average ruffian would be afraid to show himself in the light of day, or to make his presence known within a mile of an honest man. This sinister advantage ought to be eliminated. Human lives ought to be rendered powerless.

There are laws against the carrying of firearms by civilians, but these laws are so easy to evade that they are a farce. Gunmen laugh at them, and children defy them. The officers of the law are among the principal victims of this contempt. Were it not for the army of gunmen that prey and slay in this country, the police force could be cut in half.

The only way to put an end to such a thing is to check it at its source. Tab should be kept of every revolver or automatic that is bought by the citizen. There ought to be an identification number on every weapon by which it could be traced under any circumstances. All officials and responsible persons should be called upon to render a strict account as to whom such firearms are handed out or sold. Traffic in second-hand weapons should be made illegal, for to this traffic much of the evil in this country is due. Bootlegging and death-dealing instruments must be blotted out if this country is to be made safe for its citizens. "Safety first" has a wide field here.—Dearborn Independent.

BIG DAY AT PLYMOUTH ON THURSDAY, SEPT. 11TH AFTERNOON, EVENING

The citizens of the village of Plymouth are making great preparations for Plymouth Day, Thursday, Sept. 11th, afternoon and evening, on which occasion the new concrete highway over the Plymouth road to Detroit, will be officially opened.

In observing this event, the Wayne County Board of Supervisors, the members of the council and their ladies, of the neighboring towns and cities, have been invited to attend and be guests of the village upon that afternoon and evening. There will be 15 free attractions, among them being a ball game between Detroit Fire Department team and Daniels Sales team, two of the best teams in Wayne county, three high class vocal quartets, dance, the pavement, band concerts, merry-go-round for the children, singers, horseshoe pitching, etc.

A big dinner will be served in the High school auditorium, at 51 West Street, at 11 o'clock.

"The Covered Wagon," the great picture film, will be shown at the Pennington Allen theatre, one of the finest theatres in the state, from 12 noon until 10 o'clock. Admission, adults, 40c; children, 20c.

The public is invited to come to Plymouth, Thursday, September 11th, afternoon and evening, and have a good time.

SIGNS BY THE ROADSIDE.

The motorist over the highways and the back roads of the country strikes some very queer signs. Through Wayne, Monroe and Oakland counties, where there is but a form of unity in the present limit of the wheel may be passing through a section of the country where a sign is displayed "Speed Limit 15 Miles," and suddenly comes to a stop on a sign which reads "Slow Down to 20 Miles per Hour."

On a back road going into Romulus in Wayne County, there is a sign which reads "Slow Down to 15 Miles." In keeping with the landscape the authorities made the sign something more than mere words, and there was a large border and an effort to make it a decoration. This has been some what marred by someone with a pot of paint taking a change of color to the white space to add to the sign.

The motorist gets a flash at it and reads, "Slow Down to 45 Miles an Hour." It is a piece of vandalism, but it gets a smile and an occasional laugh. Judge Horton in Mc. Clemens Monitor.

Ben Myers spent Sunday in Tonia.

NATIONAL DEFENSE DAY SEPT. 12

Sentiment of Devotion to Country An Instrumentality for Preservation of Peace.

(Written by C. H. Reed, Editor Clio Messenger.)

We confess that we have little patience with those who are opposing an instrumentality for the preservation of peace which the government has termed National Defense Day and which will occur on Friday, Sept. 12 next. The main object of this great, worthy and highly sensible project is not that we make a strike and offer the world, but that we may encourage those sentiments of devotion to country and develop that cohesive sentiment of action that will enable us to successfully defend the land of our fathers in case we should be unjustly attacked. It is not a movement to promote the existence of a great body of professional soldiers whose attitude might be such as to enhance the likelihood of war. It is rather a movement to provide for a potential army of citizen soldiery which could only be drawn upon in case of great emergency when the very life of the nation might be in danger.

Such an army as this bought with blood the first charter of this land of the free, such an army as this bought with the blood of traitors sought, its dismemberment and only such an army as this stood between mankind throughout the world and universal serfdom but six short years ago. "God of Nations spare us yet, lest we forget, lest we forget." We fought these wars, so far as the nation is concerned, practically without preparation, always upon a defensive basis, and have only known much of blood, suffering and destruction might have been spared us had we but been prepared to bring them to a speedier close or to have them from the old world.

Let no one imagine that world conditions have so changed that we are no longer threatened. The fact our flag has been torn down in the grounds about the residence of our minister in a foreign land within the past few months, that hundreds of thousands of people have paraded the streets of foreign cities within that time crying "Down with America," that a couple with the purchase by people who are thus openly hostile of great quantities of war materials, of new and especially destructive character, and have only known much of blood, suffering and destruction might have been spared us had we but been prepared to bring them to a speedier close or to have them from the old world.

RURAL TEACHERS INSTITUTE

A two day institute of rural school teachers of Oakland county will be held in the assembly room at the court house in Pontiac on Friday and Saturday of this week. The first session will convene at 10:00 o'clock Friday morning and will be called to order by County School Commissioner E. J. Lederle. Mr. Lederle is quite anxious that every rural school teacher be present as the program arranged for the occasion promises much that will benefit to them.

Prominent among those to appear on the program are: Dr. Ernest Burnham, of Western State Normal, Kalamazoo, who has been called the "father of rural schools," and who will deliver three addresses; and Miss Stella Smith, of Wisconsin, who comes here at the request of County School Commissioner Lederle to address local teachers. Miss Smith is considered an expert among experts.

The institute is intended to be of benefit in three ways, recreational, inspirational and educational. Mr. Lederle will outline the work of the rural schools for the coming year, and special attention will be given to the report of the Oakland County School survey. An attempt will be made to correct just as many of the defects found as possible, and to better any detail that can possibly be bettered.

Another interesting feature of the institute will be talks and lectures by representatives of the companies which publish the new school books now coming into use in the county. These speakers will tell why the books have been written as they have, show the controlling purpose of the texts, and tell how they are intended to be taught to be of the most benefit to the pupil.

Reading demonstrations will be given on each day by Miss Smith. Spelling will be treated by A. L. McEee, who is being sent by Ginn & Company, U. S. Wilson, who has also had much experience in educational work in Michigan, will lecture on language teaching methods, showing how the latest methods of teaching this subject were derived from the old world.

Extension classes will be arranged at the meetings by H. Z. Wilbur, of Ypsilanti Normal, who will be present for that purpose.

Reading demonstrations will be given on each day by Miss Smith. Spelling will be treated by A. L. McEee, who is being sent by Ginn & Company, U. S.
