## John A. Adams

CANDIDATE FOR  
RE-NOMINATION FOR

## County Road Commissioner

REPUBLICAN TICKET

## PRIMARY ELECTION SEPT. 9

The Rochester Clarion prints the following regarding Mr. Adams candidacy:

**JOHN A. ADAMS IS LOGICAL CANDIDATE**

Should He Be Defeated This Section of County Will Be Without Representation

ELEVEN YEARS EXPERIENCE

John A. Adams, for the past eleven years a member of the Oakland County Road Commission, is again a candidate for re-election, with the best of prospects for an easy victory, and well he should be, as in Mr. Adams, Oakland County has a commissioner with a record for accomplishing what he undertakes and working at all times for the betterment of our county road system.

Wonderful progress has been made in road building in Oakland County during the past decade, and the knowledge thus gained by our commissioners, through continued experience, is reflected in every mile of latter day road construction. It is the knowledge gained through experience that makes for betterment and surely this knowledge is needed in our highway department today more than at any time during Mr. Adams' eleven years of commissionership.

Oakland County may well boast of having one of the finest road systems in the state and though there is yet much to be done, good progress is being made to that end.

Also from a geographical point of view Mr. Adams is the logical candidate, in that this portion of the county would have but little if any representation on the board should he be defeated.

With the election of Mr. Adams for another term as commissioner, Oakland County will secure the services needed in the formulating and carrying out of its most extensive plans for the improvement of her highways.
