DR. J. A. MILLER
Farmington, Michigan

Unlucky and Yet Lucky.
Three-year-old Gordon McLaren, of Ottawa, Canada, bears a charmed life. The other day he swallowed three-fourths of the contents of a box of pills, containing enough strychnine and calomel to kill several children. He was saved by the use of a stomach pump before the pills dissolved. A year ago a street car passed over him, leaving him unscathed.

Was His Lucky Day
Cleaning a revolver, Capt. R. Purvis of Cheltenham, England, accidentally discharged the weapon. The bullet passed right through his body, narrowly missing his heart, and came out at his back. No vital part was touched, and he is expected to recover.

C'est La Guerre
"Want! Horse-dish 15 cents!" exclaimed the customer. "It has always been 10!"
"Sorry," replied the storekeeper, "but you see so many horses were killed during the war!"—Youth's Companion.

Sight Lost in Odd Way
A young boy named Jardine, belonging to Trenton, N. S., lost the sight of his right eye, when a stone which he threw at a building, rebounded and struck him.

Eggs as Change
Hard-boiled eggs are used as small change in many places in southern Russia.

BEECH-NUT chewers don't switch.

The next batch of BEECH-NUT Chewing Tobacco will be like the last—the same quality and quantity of pure, sweet, waxy tobacco—the same bully flavor—the same super money's worth.

Lorillard's have been making chewing tobacco for over a century—upholding standards and following blending recipes that still give their products the widest sale in the world.

No pipe scrap and factory hash in BEECH-NUT. Never cheapened and bulked by rancid, bitter ground leaves, disguised with heavy flavorings.

The same quality and the same weight in 1924 as in 1915, despite increased taxes, overhead, wages and tobacco prices.

10c swells its chest every time it buys a package.

Is it any wonder that over 250 million packages are sold in a single year?
