

Say "Bayer Aspirin"

INSIST! Unless you see the "Bayer Cross" on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by phy-

which contains proven directions Handy "Bayer" boxes of 12 tablets Also bottles of 24 and 100—Druggists Aspirin is the trade mark of Bayer Manu-facture of Monoaceticacidester of Salicylicacid

PAXTINE IS FOR WOMEN

### What's Wrong Here?

What's Wrong Here!

The Saturday Evening Post says:
"It was that hour of a rather sultry,
early sunmer infermon when the
merchants along the west side of
Main street in a certain western town
are want to emerge from their stores,
one after another, and lower their
awnings ngainst the glare of the aftermon sun."

awnings against the glare of the after-noon sun."

The west side of the street would be in the shade in the afternoon and it would be the east side where the invertance would be lowering their awaines to keep out the plan-tic street of the street of the many amounts of the street of the many amounts of the street of the street in the east.—The Pathinder.

### A FEELING OF SECURITY WHEN YOU USE SWAMP-ROOT

You naturally, feel secure when you know that the medicine you are about to take is aboutely pure and contains no harmful or habit-producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Boot, kidney, liver and bladder medicine.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from exceptable herbs.

It is not a stimulant and is taken in easpoonful doses.

It is not recommended for everything. It is nature's great helper in relieving nd overcoming kidney, liver and bladder roubles.

sworn statement of purity is with y bottle of Dr. Kilmer's Swamp-

Root.

If you need a medicine, you should have
the best. On sale at all drug stores in
bottles of two sizes, medium and large.

However, if you wish first to try this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing, be sure and mention this paper.—Advertisement.

Just Wind

The child had been greatly impressed by her first experience in Sunday school.

She pressed be-

day school.

She pressed her hands to her breast and said solemnly to her sister, two years older:

"When you hear something wite here it is conscience whispering to you."

"It's no such thing," the sister pered, "That's just wind on your tummle."—Exchange.

Den't chuckle if you put over a substitute

when an advertised product is called for. Maybe your customer will never come back. Ben Mulford, Jr.

### Determine Power Needed

to Operate Silo Filler
Up until the last year or so, very
little dealite authoritative information' was available as to the exact
power required to operate silo fillers
of different sixes at various capacities
and under different conditions. However, a series of comprehensive tests'
as to power requirements have been
signited at the University of Wisconsin, using electric power for, the work,
and at Ohlo State university, using a
halanced or cradled tractor engine as
a dynamometer. Already many intereating points have been brought out,
and the tests are to be continued.
These tests are particularly valuable
in that they are made under actual
field conditions and by using the regulare guipment and help.

Several months ace much interest to Operate Silo Filler

Going Forward Rapidly

# Boys' and Girls' Clubs

Boys' and Girls' Clubs

Members Cultivate Corn
More acres of corn were cultivated
by boys and first clubs members, according to repyrts to the United Stetes
Department of Agriculture, than of
any other single field crop in 1023, the
total reschibit 20,334 acres. These
young farmers, ranging in age from
shout twelve to nineer pears, carried to cympletion, under the direction
of their county extension agents, over
17,000 demonstrations of the methods
which research and experience have
found best for the consomical production of those further adapted to conditions in their particular localities,
both for their own information and for
the benefit of their parents and neighhors.

### Time to Cut Clover Hay

Time to Cut Clover Hay
There is no exact date that can be
set nor, any dised rule to follow in cutting and curloy hay. For the best
quality of hay the cutting of clover
needs to be done when in rull bloom
-affalfa, and sweet clover even earlier.
Leave in the swath a half day or a
full day jaccording to weather before
taking up. Aim to do most of the
drying and cuying in the cocks, which
should be left two or three days before hauling into the barn. It is and
visable to open up the cocks a few
hours before the hay is taken to the
barn.

### Cut Soy Beans for Hay

Cut Soy Beans for Hay
It is generally considered that while
soy beans may be cut for hay at almost any state, the best time is just
as soon is the pods are fully formed. At
this time the maximum) feed value
will be secured and the hay is also
more plaintally than when cut later.
Later harry-sting gives somewhat
greater bulk but less of digestible
protein and somewhat lower palatability, thus reddering that method less
satisfactory.

Take Care of Tractor
Where a tractor is used on the farm
it should be cleaned weil before puting it away for the season. All old
dirt and grease should be removed
and then all exposed heatings should
receive an application of heavy lubricating oil. It is weit to remove the
spark plugs and pour some heavy lubricating oil. It is weit to remove the
spark plugs and pour some heavy lubricating oil into the cylinders in order
to get a good coat of oil on the cylinder, walls and pistons. This will prevent ruis frum forming.

Keep all regetables gathered to enng.

This year silo capacity will mean

The experiment station is constantly ferreting facts for farmers.

Clean up the yard and fertilize the shrubbery that is not making good growth.

One method of making the profits on the farm higher is to keep labor expenses lower.

The results in co-operative market-ing depend upon services performed, and how they are performed. Keep tountoes sprayed with Bor-eaux arsenical for fien beetle, and ust with calcium arsenate for po-ato beetle.
