DON'T DOUBT YOUR HUSBAND

"Don't doubt your husband" if you want to be happy.

Helen was frightfully suspicious—what she didn't see she imagined.

Where lack of faith almost meant loss of love.

A pair of newlyweds on the bumpy road of matrimony.

Where jealous wives spoil happy lives.

But somehow he got into queer corners.

A twisted ankle is innocent enough—but not for a doubting wife.

An opportunity for jealous wives to see themselves as others see them.

Doubting her husband made Helen very sad—but it'll make you laugh!

FOR BABY

Baby's health depends as much on the right temperature of the milk as on its quality.

Good quality is readily obtainable; but to have the milk at the proper temperature at any hour of the day or night is often troublesome—unless you have an

Electric Milk Bottle Warmer

With this convenient device you can heat the milk in any room where there is an electric lamp socket, and in a few minutes. In the night-time, you can have it at your bedside and heat the milk without getting up.
