FOR A PROFITABLE AND MERRY WINTER EVENING

There's fun and wit-sharpening exercise for the whole family in this puzzle. Most of the words are in common use—you'll find real enjoyment in working them out. The others come along—like the plum pudding under the fairy sauce—to give you a worth-while combination beneficial to your system.

HOW TO SOLVE CROSS-WORD PUZZLES

The numbered squares are the starting points for words extending horizontally or vertically or both. One letter to a square. Words end at first black square encountered or border of puzzle. Pick out a word that fits a given definition and space. This gives you a clue to other words that cross it, and they, in turn, to still other words. Start at any part of the chart.
