

HARKEN YE HOUSEWIFE

To make our Washington trip more possible, the Senior class has originated an employment agency for the purpose of making money.

Here are some of the things we can do.

Wash dishes, wash cars, scrub floors, carry out ashes, clean side walks, wash windows, wait on table and care for children; we have also started a light taxi service.

So don't forget when you are in need of any one to do these jobs, call '73.

At your service,
Class of '25.

HOW LIGHTING BOOSTS SALES

A test was made of a dry goods store. The original lighting system provided an illumination of 4 foot-candles. No protection was afforded against glare or shadows. Improvements were introduced and the level of illumination raised. Sales promptly increased 33 per cent per customer.

In another case—that of a small department store—the lighting was raised from 5 foot-candles to 15 foot-candles. The number of customers increased 12 per cent and the average sales per customer increased 29 per cent.

We will inspect your lighting on request. This will cost you nothing and may make you money.

I CAN RECOMMEND

this flour to you because I know that the makers are very careful in the preparation of it from the threshing of the wheat to the final bagging and distributing. I recommend it also because I know what good bread, pie, biscuit and cake it will make. My wife uses it. All the dealers who handle our flour will say this for Gildemeister's Peerless Flour.

LET'S SEND YOU A SACK of our feed for trial. Note how fine and clean it is, not a particle of dirt or dust. And just watch the stock go into it at meal times. Animals that enjoy their food are the healthiest and most profitable to keep or raise. Try our feed for a while and watch your stock grow better every day.
