PARTNERS IN PROSPERITY

You and this community are partners in prosperity.

If this community prospers, you profit. This is simple logic. You have made this town your home. Your interests are here. As this community grows, as its business develops, in a like degree grow the benefits of the community for yourself and family.

Keep your money where your interests lie. You earn your money here; spend it here. When you patronize out-of-town merchants, the money which you spend will never be used towards the growth of your town.

When you spend it here, you invest it. And the investment will pay dividends in making this community a better place in which to live. (The prosperity of this community is assured, if you make it a point always to "Boost YOUR Home Merchants" Campaign
