

Matching Action to Thoughts . . .

BOTH FARMERS AND THIS BANK ARE DOING JUST THAT.

If farmers were lacking in acts, or if you were lacking in foresight and the insight into the country's needs, just imagine what a fix this country would be in.

But to the glory of the farmers stands the fact they put action behind their planning—and thoughts of progress ahead of each year's work. So the nation's greatest industry advances. We are proud of this privilege of cooperating with the farmers of this community—an honor, we feel, won by our helpful, interested understanding of their banking needs, and our ability to meet them fully.

COMPLETE OVERHAULING

Many motorists are fast learning the value of having their cars thoroughly overhauled at regular intervals.

Fewer repair bills, better mileage and longer service repay you many times the price of overhauling.

GIVE YOUR CAR NEW LIFE

Don't wait until your car stops running before putting it in the shop. The more you run it after it commences to get "balky" the more harm you are doing it, and the more it will cost to have it put in good condition again.

We can do a thorough job—and do it quickly. Now is the time.

SUNDAY THEATRES FOR REDFORD

By a three to one majority the Village of Redford Tuesday voted against the Sunday closing of theatres in the village. The vote was 987 against, and 129 for closing.

The question of Sunday closing was referred to the vote of the people after the Rev. John B. McWilliams of the First Presbyterian Church and the Rev. H. W. Kuhlman, of the Methodist Church, asked the council to close the movie show on Sunday.

George Roughley, the councilman most opposed to the opening of the show on Sunday, was the only member of the council to fail of re-election. He was defeated by Harry Williams.

A bond issue of \$30,000, for the paving of Grand River avenue from the center of Redford to the Berg road, was carried.

TEACHER INSTITUTE

Plans for a county teachers' institute are being completed this week by E. J. Lederle, county commissioner of schools, in co-operation with other school men of the county. The institute will be held Friday, March 6, at the Pontiac high school, and every teacher in Oakland county will be invited.

The institute will be inspirational in nature, and several well known speakers have been secured for both morning and afternoon sessions. The morning meeting will open promptly at 10 o'clock. The institute will be of value to city and rural, primary, grammar and high school teachers and those in charge hope to make it the best institute ever held in the county.

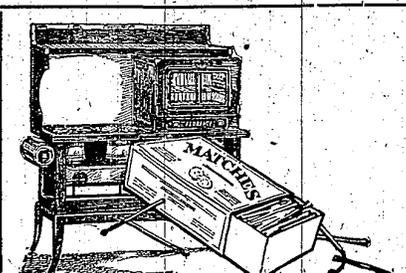

President Paul F. Voelker of Olivet college will speak at both morning and afternoon meetings. Dr. Charles T. Green of Detroit, former president of the Central State Normal school at Mt. Pleasant, and Miss Florence Hale of the department of rural education, state of Maine, will speak. Miss Hale is well known in the field of rural education.—Pontiac Press.

YOUTH

Youth has no need of pirate ships, Of dark and tossing spars, No need his Tars of silvered paths, Beneath the guiding stars; Or chanzas sung upon the watch, When men who bear salt scars.

Youth has no need of secret trails, That to the Rainbow lead, Of Roads to Romance, white and wide, Youth has no urgent need, Nor of the magic lore that lurks, In some old wizard's creed.

For Youth itself is all these things, A sailing ship, a song, The Rainbow at the Journey's end, Bright Romance, Youth-time long, And all the wizard's wisdoms to Enchant Youth bring! —Faith Baldwin, in Everybody's.

All the wood you need is a match

Too often men-folks forget to chop the wood and keep a supply handy for your kitchen range.

You can be independent of wood. Install a Florence Oil Range. Then all the wood you'll ever need is a match to light the range.

The Florence Oil Range keeps your kitchen cooler and cleaner. It is the easiest to keep clean. It gives all the heat you'll ever need—and only when you need it. It gives long service, and will be the best-looking piece of equipment in your kitchen.

Drop in and let us tell you more about the Florence. We would like to demonstrate and explain how the heated oil vapor in the Florence delivers an intensely hot blue flame close up under the cooking.
