## NOVI SCHOOL NOTES

No school Friday on account of the teachers attending the Institute at Pontiac.

A small crowd attended the lecture of Mr. Rochester Irwin on the 26th of February. Those who did, however, were amply repaid for Mr. Irwin gave a very interesting and instructive lecture on "America the Wonderland."

John Leavenworth attended circuit court in Pontiac on Tuesday. We expect John to tell us how court is conducted.

Zadach, Mae Putman and Dorothy Voight made a chicken poster for agriculture.

Jay Holmes was chosen the best student in the grade from five to ten, in a fine subject test given to all grades from the fifth to tenth, inclusive. Out of 100 questions submitted Jay was able to answer ninety correctly.

Gertie Schwartz, an eighth grader, was second with eighty-six.

The eighth grade are working very hard getting ready for the county examinations.

Supt. W. C. Hames spoke at the West Novi P. T. A. on Tuesday evening of this week. His subject was, "The Need for Rural Supervisors."

The parents and teachers are looking forward to their regular P. T. A. meeting on Wednesday, March 11. They expect every parent and friend of the community out. A fine program has been arranged. Come out to be a booster. Come with the intention of saying something constructive.

If you have troubles or grievances, leave them at home. Let us make this a worth-while meeting.

Ada and Ronald Button visited school several days this week.

Edward and Helen Allen are absent on account of scarlet fever.

## REPUBLICAN TOWNSHIP CAUCUS

A republican township caucus for the township of Farmington will be held at the Town Hall, on Saturday, March 14 at 2:00 p. m. for the purpose of nominating candidates for township offices and for the transaction of such other business as may properly come before it.

By order of Republican Township Committee.

## Automatic Bank Clerk

One of the large English banks proposes to use machines for ledger-posting and writing-up passbooks. Such a machine was used at the Lloyds bank branch at the British Empire exhibition, and gave satisfaction. Instead of a passive customer receiving a typed "statement" showing debits and credits and the current balance. The operator, after entering debits and credits, presses a key marked "Total," when the balance appears. If the customer's account is overdrawn, the machine refuses to act.

## "The World's Greatest Buy"

Everyone Says It—Sales Prove It

Hudson is not called "the World's Greatest Buy" for today alone. That is acknowledgment of ten years' constant refinement of a great car around the famous patented Super-Six principle. The largest production of 6-cylinder closed cars in the world give it unequalled value advantages.

All now know that higher price can buy no smoother performance than Hudson's. It cannot buy more brilliant results in pick-up, power or speed. It cannot buy greater reliability or endurance. At today's prices need you own a lesser car? Can a costlier car satisfy you more?
