CO-OPERATION

Co-operation means mutual help. It always results in benefit. It constitutes a power for good. It means profit and accomplishment. The welfare and growth of this community depends upon co-operation. The merchants of this community have established themselves and invested their money here and constitute a powerful factor for the growth and betterment of the town. But they need your co-operation, expressed in patronage.

When you send or spend your money outside of your community it cannot be spent by the merchants to help build the community.

When You Spend Your Money Here You Co-operate—We All Benefit.
