

"WHY BUY INVESTMENTS THROUGH THE FARMINGTON STATE SAVINGS BANK?"

A friend asked us this question.

The answer is that most people haven't time to make a thorough investigation. It takes time to find out which bonds yield the most, are safest, and most readily sold in emergency.

When you buy through the "Farmington State Savings," our investigation assures you safety, ready marketability, and good return.

The Benton Harbor Chamber of Commerce is backing the event, and the civic committee has mapped out an advertising program that will bring thousands of visitors from all parts of the Mississippi valley to the twin cities and to Michigan. SEE EAST MICHIGAN-FIRST

Eastern Michigan's recreational advantages and what the tourist and resort business of the section means in terms of prosperity were emphasized and accentuated by speakers from every section of the state at a recent luncheon held in Saginaw. It was voted to publish 100,000 three-color maps of eastern Michigan, because of

the special way in which eastern Michigan is favored regarding state parks, state national forest reservations, bird and game refuges, lakes and streams. All these and cities, villages and highways will be shown on the new maps.—Michigan Investor.
