Your committee would hereby report that, after tabulation of the tenders received for the erection of the proposed Infirmary we find the aggregate of lowest bids totals $217,725.00.

On this account we recommend the rejection of all bills and the returning of all checks. Further discussion and conference with the architects has resulted in the suggestion that we should endeavor to erect and complete the entire exterior structure of the building as designed but for the present we should plan to finish the interior of the first story only.

This procedure meets with the approval of the Poor Commissioner.

We recommend that new tender be solicited for the construction of the building on the basis of revised specifications in accordance with the above suggestion and that such bids be received at 10 o'clock, A. M. Friday, February 6, 1925.

Honorable Board of Supervisors, Oakland County, Pontiac, Michigan:

Gentlemen: Your committee, to whom was referred the request of the Oakland County Weekly Press Association to publish the proceedings of the Board of Supervisors, beg leave to report as follows:

The present expense for publication in the Pontiac Press, we were advised, was $950.00 for 1924. This is the legal rate of $1.20 per inch.

The Oakland County Press Association which is composed of one paper each in Royal Oak, Ferndale, Birmingham, Orion, Oxford, South Lyon, Milford, Farmington, and two in Rochester and Holly, proposed to print the proceedings for $.30 per inch for each paper, making a total expense to Oakland County of $2,380.00 per year, based on 1924 work.

Representatives of the Association advised us that these figures were obtained from the County Auditors' Office. Realizing the good work done by these papers and the assistance they could give the county in carrying on their campaign of work, we approve of their request and recommend the adoption of the report.

Yours respectfully,

To the Honorable Board of Supervisors:

Your committee on detention home would respectfully report that they have had under consideration the purchase of a house for permanent home for some time and have looked over several places which have been offered and have decided to submit for your consideration the following:

The Bartlett property on Auburn avenue, at city limits, with 620 feet on Auburn avenue, 763 feet on south side, for $20,000.00, containing about 3½ acres, or the same property plus a row of lots on the east side for $23,000.00, containing a total of about 5 acres. This house would require a new heating plant and the porches rebuilt at an estimated cost of $5,000.00.

We also submit the W. H. Osmun property at corner Auburn avenue and Sanford street, 130 by 208 feet, a 14 room house with oil heater and the following list of furniture and fixtures which go with the house for $15,000.00.

Your committee have carefully considered these two properties and are unanimous in recommending the purchase of the Osmun property for the reason that it will answer the purpose of our needs just as well as the longer property and at a much less expense. The interest on this investment equals exactly the rent we are paying for the present house, the lease which expires on March 18th. Possession will be given in twenty days and is ready to occupy.
