## ORCHARD LAKE LIGHTING PROPOSITION CARRIED

The electors of Farmington Township took but little interest in the general and township election Monday, which was due to the fact that there were no contests for local offices. State issues before the electors failed to arouse much enthusiasm and results being discounted in advance, most electors turned their attention to plowing and business matters.

The proposition to raise money for carrying out of a county building plan, by a three quarter mill tax carried by a safe margin in the county. The vote in Farmington township was 108 for to 72 against.

The voters of the township approved of the Orchard Lake road lighting proposition by a decisive majority. For 134, against 57.

The total vote of the two precincts was less than 200. Last fall nearly a thousand votes were cast in the township. There was but one ticket, the Republican, in the field. The officers elected are:

Supervisor, Isaac Bond.  
Clerk, H. A. Schroeder.  
Treasurer, Lewis C. Thayer.  
Justice of the Peace, Harrison Johnson.  
Commissioner of Highways, L. F. Schroeder.  
Overser of Highways, District No. 1, George Leet.  
Overser of Highways, District No. 2, Chas. McCullough.  
Overser of Highways, District No. 3, Joseph Graham.  
Overser of Highways, District No. 4, Fred Nabeck.  
Member of Board of Review, James L. Hogle.  
Constables, B. C. Banfield, Benjamin Myers, Richard H. Marsh, Bert Cop.

## EASTER SUNDAY, AT

**M. E. CHURCH**  
Easter Sunday will be observed at the Methodist Church on Sunday with the beautiful touches of the Easter spirit—Easter music will ring out a sweet note of joy—Easter flowers will add their touch of fragrant beauty. An Easter message from the pulpit will sound the triumphant note of resurrection glory. No day in the christian calendar has such a message for the human race; no call to shrines of worship sounds a nobler note than the call of the Easter bell. The morning service will begin at 10:30 and the evening service at 7:30. The public will find the Easter service at the Methodist Church an inspiration that will last, and a memory that will cheer.

## "BARRIERS BURNED AWAY"

The fathers and mothers of today, will recall the story of their boyhood and girlhood when they were thrilled with the tale of "Barriers Burned Away." Beginning with a cow kicking over a lantern and setting fire to a barn, the conflagration almost wiped out the City of Chicago. Then the beautiful love story that runs through it all adds to the charm of the tale. Like "Uncle Tom's Cabin" the story of the Chicago fire was found in all homes and eagerly read.

Now, this wonderful old book has been put into pictures, and next Tuesday at the Methodist Community Hall "Barriers Burned Away" will be seen.

## GRASS FIRES

Two grass fires called local firemen out this week. The first call was for grass burning along the D. U. R. right of way near the waiting room and the second call came Wednesday when grass near the R. N. Crossman home threatened nearby buildings. The blaze in both cases was put out before it did any damage.

## Easter

Easter—the story of the Resurrection—herein we find what mankind has needed from the beginning of civilization and culture.

Life is a rather futile experience unless we can find a reason to hope and believe in the possibility of a finer state somewhere in the hereafter. And Easter, standing as it does for the Resurrection to a new and finer existence, is one of the greatest contributions of Christianity to the human race.

Coming in the Spring when all nature takes on new life, Easter stands for that hope without which life loses much of its meaning.

Few of us think of Easter in this way. It is too often regarded as a mere opportunity to display the season's latest finery. But to those who will give it serious thought, it will appear as one of the great days of the year.

All the churches of Farmington will conduct special Easter services next Sunday. Attend one of these even if you do not go to Church regularly. And do not attend merely to show your friend and neighbor in the next pew just what you are able to afford in the way of a new hat or a new spring suit. Go for the purpose of giving an hour's concentrated and serious thought to life's great challenge.

Such an attitude will bring peace and satisfaction to your soul. Easter will take on significance in direct proportion to the amount of serious thought you give to upbuilding your character.

## BEAUTIFY THE LANDSCAPE

The Redford Exchange Club is back of a movement for the improvement of Redford Township. It has made arrangements for securing landscape supplies and materials from the Aldrich Nurseries of Farmington, such as ornamental trees, shrubs and flowering plants. The arrangement also call for the services of H. C. Wood, landscape specialist of the Aldrich Nurseries in planning and designing contemplated improvements. The nursery will contribute such service without extra charge.

## DOG QUARANTINE

The department of agriculture of the state recently placed a dog quarantine on the townships of Farmington, Lyon, Novi and Royal Oak and sheriff's deputies are now placarding them with warning signs.

The conditions of the quarantine are that all dogs must either be vaccinated for rabies by a registered veterinarian, kept chained on the owner's premises, or must be muzzled to protect other dogs. The finding of a dog which was infected with the germ of rabies is the cause given in the report from the department of agriculture for placing the quarantine. No dogs will be permitted to be taken from these townships by their owners.

## HOME GARDENERS TO HEAR RADIO TALKS

The ins-and-outs of successful gardening will be explained to Michigan tillers of the soil next week in a special radio extension course which is to be broadcast by horticultural specialists of the Michigan Agricultural College, over the college radio station, WKAR.

While the agricultural school being broadcast by M. A. C. this spring is designed primarily for the farmer, city "farmers" as well as their more professional rural neighbors are expected to find the gardening course of interest and value.

Vegetables, flowers, and small fruits will be included in the list of subjects to be covered in the course, a half dozen men from the college horticultural department taking turns in giving the lectures on the "air school." Registration, which is free to any radio listener who will write to the Director of Short Courses, M. A. C., East Lansing, will also entitle one to brief copies of the lectures and a radio certificate on completion of the course.

The gardening lectures will run for two weeks, from April 13 to April 24. The programs begin at 7:15, eastern time, each evening.
